1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

The sub recipient is a nonprofit faith based organization providing services through government contracts and federal grants since its incorporation in 1979. During the 33 years of service, the sub recipient has been the only provider for protective and homeless shelters, as well as housing operations for over 15 years. Federal and grant funds awarded, including ARRA funds, have been used to supplement or augment services to address needs not covered by government contracts, or to expand assistance in order to meet demand. The continuation of government contracts is indicative of the level and quality of performance of the sub recipient.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

The sub recipient currently utilizes various funding streams to provide the multitude of assistance for victims of abuse, neglect, domestic violence and homelessness, as well as programs that serve to improve or enrich the quality of life for elderly and individuals with disabilities. In addition to government contracts, the sub recipient avails of federal funds from Department of Justice, both as a direct recipient and pass-through recipient; grants from philanthropic organizations such as the Guam Women’s Club; and for-profit business organizations.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

The sub recipient organizational structure includes an Executive Director and Deputy Director who are responsible for the overall administration and management of the organization. The structure is further organized into program units administered by Program Managers. The Program Managers are empowered to execute operational processes in the most cost efficient and effective manner. The Fiscal Office has the responsibility for implementing budget items as contractually agreed, preparing and transmitting financial reports and documents, coordinating program audits, and implementing general accounting procedures. Communications are implemented vertically and horizontally throughout the organization. External monitoring is conducted by the various government departments who contract the sub recipient for services.

1. Provide a description that addresses the entire scope of the proposed project.

The proposal provides for leasing an 8-unit, 2-bedroom apartment complex owned by Catholic Social Service (CSS) for individuals or families who are chronically homeless (CH) or persons with disabilities. The lease amount charged in the amount of \$1003 would include utilities. This will be based on FMR for all those meeting the homelessness & disability households. The complex will be a designated sponsor-based voucher site. CSS will determine eligibility. Y Jahame would focus on providing housing placement to homeless seniors & homeless persons with disabilities, with priority given to those with the longest histories of homelessness. Y Jahame would provide immediate housing assistance to eligible participants without having to wait for GHURA applications to be approved. Participants will have the option to remain in the program as long as it exists. While the housing program would offer services for a particular type of disability, no otherwise eligible individual with a disability, who may benefit from the services provided, may be excluded on the grounds that they do not have a particular disability pursuant to 24 CFR 578.93(b)(7). CSS currently provides case management services (CMS), & will extend to Y Jahame as in-kind match for the program. CMS include monthly outreach to identify individuals &/or families who are CH &/or persons with disabilities meeting the definition. The social worker (SW) will serve as the primary contact for new applicants by accepting & processing applications & determining eligibility. Referral sources include village mayor's, gov agencies, & protective & homeless shelters. Following acceptance, the SW will conduct a needs assessment & develop an individualized service plan (ISP) aimed at achieving greater self-sufficiency through the implementation of both a Life-Skills (LS) & Experiential Model. The LS Model would be topic-driven based on the information obtained through a needs assessment, with the goal of mastering Activities of Daily Living (ADL) skills including the use of transportation, proper maintenance of their rental units, & budgeting skills. Trainings will be provided by the SW, in partnership with individuals in the community. The Experiential Model will use the vast knowledge & skills already possessed by participants. Participants will serve as a social support network for one another. The SW will assist participants in accessing financial, food, medical, employment & training as needed. Referrals & coordination of services will be made to appropriate providers in the community. The outcome of these activities is to provide sufficient resources to participants to address obstacles that impact the ability to maintain permanent housing outside of the project. Additional supports will be provided to participants in the form of bus passes, child care, or other allowable assistance to enable participation in employment-related activities, education, & medical assistance.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

Catholic Social Services currently has in place a component that receives referrals for homeless individuals. Once a referral has been received by the SW, contact for the initial assessment will occur within two (2) working days. An individualized service plan (ISP) will be completed within three (3) working days of the assessment. A reassessment will be completed every three (3) months to track progress of goals and objectives outlined in the ISP and make necessary adjustments to the service plan.

Outreach services will be provided on a monthly basis in the form of presentations to government, non government agencies and coalitions. Street outreach will also be provided on a monthly basis to the general public.

Quarterly focus groups will be conducted with participants to ensure that the program is addressing specific participant needs.

Participant files will be maintained and updated to ensure efficient information management.

Management will give written notice of lease termination of 3 days when the health or safety of other residents or management employee is threatened, 3 days for any criminal activity that threatens the health, safety or right to peaceful enjoyment of CSS housing or any drug related criminal activity on or near such premises. A written notice of lease termination will be given 30 days for non compliance to ISP.

3. If applicable, describe the proposed development activities and the responsibilities that the applicant and potential subrecipients (if any) will have in developing, operating, and maintaining the property.

1. Are the proposed project policies and practices consistent with the laws related to providing education services to individuals and families? Yes

2. Does the proposed project have a designated staff person to ensure that the children are enrolled in school and receive educational services, as appropriate? Yes

4. Describe how participants will be assisted to obtain and remain in permanent housing.

Following establishment of eligibility & acceptance for housing placement, the social worker (SW) will conduct a needs assessment & develop an individualized service plan aimed towards the achievement of greater self-determination & self-sufficiency through the implementation of both a Life-Skills & Experiential Model. The Life-Skills Model would be topic-driven, based on the information obtained through a needs assessment, with the goal of mastering Activities of Daily Living (ADL) skills including the use of transportation, proper maintenance of their rental units, & budgeting skills. These trainings will be provided the SW, in partnership with individuals in the community. The Experiential Model will use the vast knowledge & skills already possessed by participants. The outcome of the service plan is to equip individuals & families to rent in the community when their Section 8 applications are approved.

5. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

The social worker will assist participants in accessing financial, food, medical assistance, employment and training, as needed. The outcome of these activities is to provide sufficient resources to the individual or family to address obstacles that impact the ability to maintain permanent housing outside of the project. Additional supports will be provided to the individual or families in the form of bus passes, child care, or other allowable assistance to enable participation in employment-related activities, education, and medical assistance.

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to the Total Requested for Grant Term for Admin, Cash Match, and In-Kind Match.

Admin (Up to 10%): Enter the amount (\$) of requested administration funds. The grant will not fund greater than 10% of the request listed in the field "Sub-Total Costs Requested." If an ineligible amount is entered, the system will report an error and prevent application submission when the form is saved.

Cash Match: (required) Enter the total amount of funds (\$) that the applicant will use for the project provided by sources other than the CoC program grant.

In-Kind Match: (required) Enter the total dollar value of non-cash resources that the applicant will use for the project provided by sources other than the CoC program grant.

Total Match: This field will automatically calculate the total combined value (\$) of the Cash and In-Kind Match. The total match must equal a minimum of 25% of the request listed in the field "Total Assistance Plus Admin Requested" minus the amount requested for Leased Units and Structures. There is no upper limit for Match. If an amount less than 25% is entered, the system will report an error and prevent application submission when the form is saved.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The total values are automatically calculated by the system when you click the "Save" button.
