January 27, 2012

The Honorable Edward J.B. Calvo
Governor of Guam
Office of the Governor
P.O. Box 2950
Hagatna, GU 96932

Dear Governor Calvo:

Subject: Annual Community Assessment for Program Year 2010

This letter encloses HUD's assessment of the Government of Guam's (Guam's) performance for its 2010. The report reflects the Guam's efforts to ensure compliance with HUD Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Shelter Grant (ESG).

As part of HUD's annual review, the Department wants to take this opportunity to address the CDBG program timeliness requirements, and the importance it plays in ensuring that the intent of the CDBG program is achieved. HUD CDBG regulations require recipients to carry out their CDBG activities in a timely manner thus ensuring low- and moderate-income persons are assisted. The standard requires insular grantees to be at a 2.0 CDBG timeliness ratio 60 days prior to the end of their program year. In other words, Guam's CDBG line of credit cannot exceed its current years grant times two. Guam's program year ends September 30 of each year. About August 2nd of each year, or 60 days prior to the end of Guam's program year, Guam must have a CDBG grant ratio of 2.0 or less. During this period, Guam had a CDBG timeliness ratio of 1.0.

HUD congratulates Guam for taking affirmative steps to meet the HOME Investment Partnerships (HOME) Program commitment and expenditure requirements. HUD encourages Guam to continue to closely monitor its CDBG and HOME projects to ensure the programs' continued success.

HUD would like to recognize that the staff responsible for Guam's CPD programs is highly committed to the programs. Their commitment to the program objectives has resulted in Guam achieving many of the CPD programs' objectives and ensuring that low- and moderate-income persons have an opportunity to succeed. To further this endeavor, HUD has provided opportunities for your staff to receive technical assistance on various topics.

In closing, should Guam wish to comment on the enclosed report, please provide your comments to HUD within 30 days of the date of this letter. Should Guam choose not to comment or fails to comment within the period identified above, the report will be considered final and must be made available to the public. HUD recommends you handle availability of the report the same way you handle your regular program reports by providing a notice in the newspaper, identifying the report contents and where it is available for review.

Again, HUD looks forward to our continued partnership with Guam in serving the needs of its citizens. If you have any questions, please call me at 808-457-4678.

Sincerely,

Mark A. Chandler, Director
Office of Community Planning
and Development

Introduction

The regulations implementing the Housing and Community Development Act of 1974, as amended, and the National Affordable Housing Act of 1990, require federal grant recipients receiving federal assistance to submit an annual performance report disclosing the status of grant activities. The Department of Housing and Urban Development (HUD) is required by 24 CFR 91.525 to determine whether the grant recipient is in compliance with the statutes and has the continuing capacity to implement and administer the programs for which assistance is received. In accordance with 24 CFR 91.525, the comments below incorporate HUD's assessment of Guam's Program Year 2010 performance.

In assessing Guam's performance, HUD relied primarily upon Guam's Program Year 2010 Consolidated Annual Performance and Evaluation Report (CAPER), technical assistance, on-site monitoring, and communications with Guam's federal programs staff. During this period, HUD has determined that Guam generally met the intent of the Community Planning and Development (CPD) programs.

Significant Performance Conclusions

Based on Guam's accomplishments through the Community Development Block Grant (CDBG), the HOME Investment Partnerships Program (HOME), the Emergency Shelter Grant (ESG), and Continuum of Care programs, Guam has demonstrated its ability to carry out various housing and community development programs.

Guam satisfactorily administers the CPD grant funds. In accordance with the CDBG regulations, the timeliness ratio benchmark should be 2.00 sixty days prior to the end of Guam's program year. Guam's CDBG timeliness ratio was 1.0 as of August 2, 2011. HUD congratulates Guam on its accomplishments and encourages Guam to continue seeking ways for timely project implementation.

CPD Programs

CDBG

Guam used CDBG funds to address housing and special needs housing, fair housing, homelessness, and community development needs during program year 2010. Guam's management of its CDBG program has ensured that low- and moderate-income persons will primarily benefit and receive program assistance. During the Program Year, 100 percent of CDBG funds (excluding funds expended for administration and planning) were spent on activities that benefited low and moderate income persons.

Guam completed the following CDBG activities:

- Renovation and upgrade of the LIHENG Elderly Housing;
- Design and construction of the Northern Pool Complex;
- Construction of the New Southern Police Precinct;
- Construction of the Agat-Santa Rita Fire Station.

Ongoing projects include the Sagan Bonita infrastructure upgrade, expansion and renovation of the Southern Region Community Health Center, renovation and construction of Macheche Neighborhood Multi-Purpose Facility, design and construction of Catherine's Home, continuation of services through the Lighthouse Recovery Center and the Family Service Center/One-Stop Homeless Assistance Center, conducting homeless awareness outreach, and fair housing education.

Guam's Consolidated Plan describes the following four priority concerns that will be addressed through the CDBG program: homelessness, community development, housing and special needs housing, and fair housing.

During Program Year 2010, Guam met or surpassed the following Consolidated Plan goals for program years 2005-2009:

- Met its goals of housing in meeting the available and sustainability of Decent Housing by renovating and upgrading the LIHENG Elderly Housing.
- Met its goal of homelessness in meeting the available and accessible of Suitable Living Environment by providing operating costs for the Lighthouse

Recovery Center and the Family Service Center/One-Stop Homeless Assistance Center.

- Met its goal of community development in meeting the available and sustainability of Suitable Living Environment by renovating and construction the Macheche Neighborhood Multi-Purpose Facility.

HUD congratulates Guam on meeting its CDBG timeliness requirement for Program Year 2010. As a reminder, please be informed that maintaining timeliness for the CDBG program is an essential program requirement. HUD and Congress have mandated that grantees meet the timeliness standard and that failure to comply with this standard would result in Guam being placed on a CDBG Timeliness Workout Plan and the potential loss of future funds. Therefore, HUD strongly encourages Guam to continue its timely implementation of the CDBG program.

HOME

In Program Year 2010, Guam received \$1,405,903 in HOME funds and expended \$1,339,282, of which \$145,357 was program income. All funds are required to be committed within 24 months and expended within 60 months of the grant award. Failure to commit and expend funds within the required time period will result in the deobligation of the funds. HUD recognizes that Guam is expending its HOME funds toward projects that will assist low and moderate-income persons.

During the program year, no projects were completed. Ongoing projects include the sweat equity homebuyer program and the homeowner rehabilitation loan program.

ESG and Continuum of Care

In Program Year 2010, Guam has implemented its ESG and Continuum of Care (CoC) programs in a manner that is assisting Guam's homeless population. HUD encourages Guam to continue its successful homeless programs. During the program year, Guam and its sub-recipients have utilized its homeless funds to operate a transitional housing facility providing shelter and supportive services to homeless men recovering from chronic substance abuse and to operate a transitional shelter for homeless youth, provide tenant-based rental assistance to homeless and disabled individuals, and provide permanent supportive housing to homeless adults with disabilities.

Community Empowerment

As part of its Consolidated Plan, Guam developed a Citizen Participation Plan. The Plan is intended to generate ways to involve the public in planning and the reporting process for the CPD programs. GHURA received several oral comments and one written public comment during the citizen participation period for the 2010 CAPER. All oral and written comments acknowledged and praised GHURA's efforts to serve the low- and

moderate-income individuals through its efforts island wide. HUD encourages Guam to continue to foster public participation, as well as to explore additional opportunities to involve the public in its planning process.

Management of Funds

Since GHURA has filled the position of General Accounting Supervisor and other accounting staff positions, HUD has noticed that Guam is now expending funds in a timely manner and is in compliance with the HUD regulations. HUD acknowledges that Guam staff who are responsible for the CPD programs are working diligently to ensure HUD funding is spent in accordance with program requirements.

Areas for Improvement and Recommendations

Guam needs to:

- Identify project obstacles and develop plans to address these obstacles in order to strengthen its programs.
- Be diligent in the receipting and drawing down of HOME Program Income funds.

CAPER Submission

HUD notes that the CAPER was completed using a modified version of the CPMP tool. Overall, Guam's report was informative and generally educated the public regarding the status of Guam's CPD projects. HUD commends the GHURA staff for its efforts in improving the CAPER.

Fair Housing & Equal Opportunity

HUD notes that Guam's Analysis of Impediments (AI) was completed in July 2011, and the Comprehensive Housing Study was completed in August 2009 which included the compiling of data relevant to developing the updated AI. HUD encourages Guam to continue its activities that address the impediments identified in the AI document. The CAPER was forwarded to Mr. Jelani Madaraka, Lead Civil Rights Analyst, Honolulu Field Office, to review for compliance with Fair Housing and Equal Opportunity requirements. He will forward any comments or questions he may have under separate cover.

Conclusion

Overall, Guam is meeting its community needs by planning and executing a Consolidated Plan with a vision for the future, and by implementing this Plan through its Annual Action Plan. As a result, Guam has assisted many communities and especially low- to moderate-income persons. HUD encourages Guam to continue its support of various housing and community development programs, and especially want to recognize Mr. Michael Duenas and his staff for their dedication to the CPD programs. Their hard work and efforts are a credit to Guam and its CPD programs.
