Half of US offers sports betting

EAST RUTHERFORD, N.J. (AP) — More than half of the United States now offers legal sports betting, just three years after it was allowed by the U.S. Supreme Court.

When the Tampa Bay Buccaneers and Dallas Cowboys kick off the NFL season Thursday night, gamblers in 26 states plus the District of Columbia are expected be able to wager on it legally, according to the American Gaming Association, with as many as five additional states offering such bets before the season ends in February with the Super Bowl.

That's up from 18 states with legal sports betting at the start of last year's football season. And some of the biggest markets in the U.S., including California and Florida, are moving toward legalization, with New York planning to adopt mobile sports betting

at some point.

The explosive growth of the industry comes as more and more companies join the fray, making it more challenging to gain and hold onto market share and profits.

And it is making things worse for some people with gambling problems, as the industry is coming up with new ways to bet on sports, including live micro-betting on the outcome of things like the next possession in a football game.

"There's no question this will be a huge year, and it will be a record," said Eric Hession, co-president of

Caesars Digital, whose parent company bought the William Hill brand this year and renamed it Caesars Sportsbook.

Plan to bet

More than 45 million Americans say they plan to bet on the NFL season this year, according to the American Gaming Association, the casino industry's national trade group. That's an increase of 36% from last year.

The NFL, which along with other professional leagues once strenuously fought against the legalization of sports betting, now allows seven sports betting companies to advertise during games, and teams in various sports have inked deals with companies to become official sports betting partners, including deals announced Wednesday involving the Baltimore Ravens and the New York Jets.

particularly long stay.

Look at her now, two weeks into this adventure: The 18-year-old from Britain is the first qualifier in the professional era to reach the U.S. Open semifinals. And she hasn't even dropped a set yet.

"My flights were booked at the end of qualifying," Raducanu said with a chuckle Wednesday, "so it's a nice problem to have."

Showing off the shots and poise of someone much more experienced, the 150th-ranked Raducanu became the sec-

ond unseeded teen in two days to secure a spot in the final four, eliminating Tokyo Olympics gold medalist Belinda Bencic 6-3, 6-4 in Arthur Ashe Stadium.

"I'm not here to chase any records right now," said Raducanu, only the third woman not ranked in the top 100 to make it this far at the U.S. Open and only the fourth qualifier to advance to the semifinals at any major tournament since the Open era began in 1968. "I'm just taking care of what I can do (in) the moment."

AP PHOTO

Emma Raducanu, of Great Britain, reacts after defeat- O ing Belinda Bencic, of Switzerland, during the quarterfinals of the US Open tennis championships in New York Sept. 8.

Raducanu has won all 16 sets she has contested through eight matches in New York — three during the qualifying rounds and another five in the main draw.

Online bets on NFL games surges

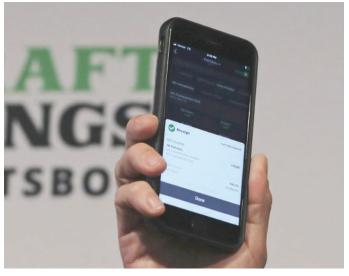

ATLANTIC CITY, N.J. (AP) — A company that most of the legal U.S. sports betting industry uses to verify that its customers are where they say they are reported on Monday a record number of transactions over the first weekend of the NFL season.

That helps confirm an expected a big increase in the level of online betting as football season got underway in a nation with many more places to bet this year.

GeoComply Solutions, the Vancouver, Canada-based tech company, said it recorded 58.2 million geolocation transactions across 18 states and Washington, D.C., from Thursday night, when the NFL season began, through 7 p.m. EST Sunday.

That represents a 126% increase from the same period of the 2020 NFL season, when GeoComply processed 25.8 million transactions.

"We expected high volumes, but what we have seen has surprised us nonetheless," said Lindsay Slader, a managing director with Geocomply. "The level of demand across new markets, such as Arizona, indicates that consumers have long waited for the option to legally place a sports bet."

AP FILE PHOTO

In this Dec. 30, 2019 file photo, New Hampshire Gov. Chris Sununu shows his receipt after placing the first legal sports wagering bet on his mobile phone in Manchester, N.H.

The data records the amount of times the company was called on to verify a customer's location. It is considered a good indicator for at least a minimum level of sports betting activity, more than 80% of which is done online in the U.S.

States require a gambler to be physically located within their borders in order to make an online sports bet, which is where geolocation technology comes in. It uses a combination of cellphone data, software, hardware and databases to determine where a phone or laptop trying to

make a bet is actually located.

In just three years, legal sports betting has spread to more than half the country. New Jersey won a U.S. Supreme Court case in 2018 clearing the way for any state to adopt legal sports betting.

When Thursday night's game between the Tampa Bay Buccaneers and the Dallas Cowboys kicked off, 26 states plus Washington, D.C., offered legal sports betting, according to the American Gaming Association, the gambling industry's national trade group.

Broncos CEO says team's ownership settles next year

ENGLEWOOD, Colo. (AP) — The Denver Broncos should have a new owner by this time next year, whether that's Brittany Bowlen or a billionaire like Jeff Bezos.

Team president and CEO Joe Ellis said Tuesday that the trust that runs the franchise will begin a transition in early 2022 and the new owner will be in place by the start of next season.

"Yours truly won't be the controlling owner (delegee) by sometime in the spring or early summer, I can't put an exact deadline on it. But believe me, we need to get it resolved," said Ellis, who has run the team since 2014 when Alzheimer's forced late owner Pat Bowlen to step away from his daily duties.

Ellis is one of three trustees of the franchise valued at \$3.2 billion. The trust could approve one of Bowlen's children to become the team's next controlling owner — Brittany Bowlen, 31, is the preferred choice — or sell the team altogether.

Arapahoe County District Judge John E. Scipione granted a motion earlier this month to dismiss a lawsuit filed by two of the late owner's daughters from

his first marriage. All sides in the dispute are prohibited from discussing the matter.

Ellis said he met with Roger Goodell earlier this month at the commissioner's summer home in Maine and laid out his transition plan and "he was fine with it."

Ellis is in his 11th season as team president and his eighth as chief executive officer.

Heading into his last goround, Ellis said he has one goal in mind.

"I would like to be able to stand up in front of the group here and talk about a good season," Ellis said. "I've come before you for the last several training camps spewing optimism and excited and the (records of) 5-11, 6-10, 7-9 and 5-11 come out at the end of the year."

Ellis said he feels the team is in good hands with first-year GM George Paton and third-year coach Vic Fangio and a roster that appears ready to shine no matter who wins the quarterback clash at camp, Drew Lock or Teddy Bridgewater.

"I'm very confident ... we're in a position to win," Ellis said.

III. BOARD MEETING PUBLIC ANNOUNCEMENTS

1st Printing -Thursday, September 02, 2021 2nd Printing - Wednesday, September 8, 2021

ACKNOWLEDGED dates of public announcement in the Guam PDN.

IV. APPROVAL OF PREVIOUS BOARD MINUTES

[118/21] Chairman Flores motioned to approve the meeting minutes of August 27, 2021 as corrected. The motion was seconded by Commissioner Delia. With no objections by the other board members, the motion was approved.

V. NEW BUSINESS

1. Intent of Award -IFB#GHURA-COCC-021-007; New Vehicles

[119/21] DISCUSSION

• There were no questions by the other board members.

[120/21] ACTION- Chairman Flores announced that the item would be pulled from the agenda.

2. Intent of Award- IFB#GHURA-COCC-021-008; Trash and Cardboard Collection Services

[121/21] DISCUSSION-Director Topasna stated the following:

- (2) companies submitted bids: Lagu Sanitation and Pacific Waste Control.
- This bid was divided into (2) separate packages:
 - 1.**Bid Item #1-** Pick up and disposal of trash collections at AMPs 1, 2, 3, 4, Guma Trankilidat, and Main office.
- 2.**Bid Item #2** pick up and disposal of card board collections at AMPs 1, 4, Guma Trankilidat, and the Main Office.
- Both vendors were found to be responsive and met the IFB specifications.
- Lagu Sanitation was ranked the lowest responsive and responsible bidder.
- Director Topasna requested that the board approve an award of contract in the amount of \$42, 672.00 to Lagu Sanitation.
- Contract term is for (3) years with the option to extend for (2) additional (1) year terms.

There were no further discussions.

[122/21] ACTION- Commissioner Delia motioned to approve the Intent of Award-IFB#GHURA-COCC-021-007, Trash and Carboard Collection Services to Lagu Sanitation in the amount of \$42, 672.00. Commissioner Corpus seconded the motion. There were no objections by the other board members. The motioned passed.

VI. CORRESPONDENCE / REPORTS

- 1. [123/21] Mr. Sonny Perez, A/E Manager, updated the Board of Commissioners on the following projects:
 - He stated that his presentation is available for review on the GHURA website.

CDBG PROJECTS:

- Sinajana Arts Center- Roof beam pour 3rd week, cure. Double tee installation to take place
- Resident Women's Treatment Center- Mobilize crew and assets 9/15/21
- Umatac/Sinajana Baseball field- work continues
- Inalajan Basketball Court- Clearing and grading
- MTM Community Center- specs ready for advertisement
- Sinajana Fire station- in A/E negotiations; Guma Architects to present to board at later date
- iLearn Academy- work continues
- Mr. Perez stated that progress pictures on the projects may be found on the GHURA website.

A/E PROJECTS:

- AMP RESERVES- Budget approved; A/E to review projects and schedules.
- Solar PPA @ Guma' Trankilidåt- Contract under legal review.
- Repositioning- under A/E planning
- Mosquito Lab- Possible legal matters; pieces of equipment inoperable and fire suppression system not functional. Working with GHURA's attorney, AG's office and the bonding company to bring Mosquito to Bio-level 2 or 3 Standards. January 2022.

CHALLENGES:

2020-

- COVID-19 and Military Build-up
- Fully Operational only 51 days
- PCOR1 operating at 25% capacity limited to 194 days
- PCOR2 operating at 50% capacity limited to 71 days
- September/November Full construction shutdown

2021-

- COVID-19 and Military Build-up
- PCOR1 operating at 25% Capacity limit to 18
- PCOR2 operating at 50% capacity limit to 34
- Fully operational with social distancing 191 days
- Locating quality contractors outside the fence
- RECOMMENDATION TO EXPLORE- for GHURA projects to have NDAA designation to have H2B workers

CAMP BLAZ PROJECTS:

- \$919M worth of projects
- Contracts already awarded to companies up to 2026- Build-up has progressed

Commissioner Ishizaki asked about receiving a summary briefing on the Mosquito Lab. Mr. Perez stated that a report will be made available to the board members.

Vice Chairwoman Guzman asked if GHURA had any involvement in the Bio-Safety Lab that was announced a few days ago which is \$32M. Director Topasna stated that GHURA is a part of the Coordination Team to build the Medical Plaza, which includes the hospital, Behavioral Health and Public Health. A part of the plaza is the Public Health Lab, which may have been approved this month. GHURA had expressed its desire to assist on the technical side due to Mr. Sonny Perez's extensive experience in Mechanical Engineering and his Certification in HVAC Commissioning. These are critical in the building of the Public Health Lab. However, the Office of Economic Adjustment included certain specifications to the project and wanted an engineering firm with that type of expertise. Due to GHURA's experience with the Mosquito Lab, we have offered to participate in reviewing the plans and have shared our concerns with the team. He stated that GHURA is providing technical assistance, but may not necessarily oversee the project.

Vice Chairwoman Guzman asked Mr. Sonny Perez if the inclement that Guam is currently experiencing will delay the roof pouring of the Sinajana Arts Center. Mr. Sonny Perez explained that to keep on schedule, the cement mixture strategy during inclement weather is used. This strategy includes using a drier concrete mix so when the mixture is poured, additional water from rainfall is accommodated. Otherwise, pouring of the concrete is postponed until the rain stops.

Chairman Flores stated that Mr. Sonny Perez mentioned that the roof of the Arts Center is based on a double-tee type of construction. Mr. Perez confirmed this. Chairman Flores asked if the contractor for the double-tee installation was Rock Mountain. Mr. Perez confirmed this. Chairman Flores stated that double tees serve as a roof structure resting on beams.

Vice Chairwoman Guzman asked about the requirements of NDAA Designation. Mr. Sonny Perez stated that he will have to do the research on the requirements. Ms. Katherine Taitano recalled that the Cultural Respository was intended to be funded by them and that is why they may have been able to gain a waiver. Vice Chairwoman Guzman added that the Cultural Respository was funded by DoD and is why it was granted the NDAA designation. She added that some road construction projects funded by DoD were also given NDAA Designation. Chairman Flores added that Tsubaki Towers were also given the NDAA designation and were able to get H2Bs approved. Vice Chairwoman added that the Governor stated that everything that happens on Guam impacts the build-up and based on that, believes that GHURA's chance of receiving the NDAA designation should be relatively simple.

Mr. Perez added that GHURA is exploring alternative technologies as long as the structural engineer signs off so that the median is at the low to moderate housing costs.

VII. GENERAL DISCUSSIONS / ANNOUNCEMENTS

[124/21] Vice Chairwoman Guzman inquired about the health and safety of GHURA's staff during these difficult times. Deputy Director Napoli stated that GHURA has to report on its vaccination status to Adelup on a weekly basis. Discussions on creating designated weekly testing sites for Government of Guam employees who are unvaccinated are ongoing. She added that as of September 9, 2021, 80.4% of GHURA employees were vaccinated. HR is working diligently to track those vaccinated as well as those who are unvaccinated. Mitigation measures are also in place. Everyone is being diligent and being safe.

Commissioner Corpus added that at the Guam Medical Plaza, free COVID testing is done daily and to everyone, vaccinated or not. He encouraged everyone to share the information.

Vice Chairwoman Guzman asked Deputy Director Napoli to keep the board posted on the staff's status and to give them the board's best.

There were no further discussions.

1. [125/21] Next proposed board meeting Date: Friday, Sept. 17, 2021 at 12PM

Unable to attend: Commissioner Delia

VIII. ADJOURNMENT

[126/21] With no further discussions, Vice Chairwoman Guzman motioned to adjourn the meeting. Commissioner Ishizaki seconded the motion. There were no objections by the other board members. The motion passed and meeting was adjourned at 12:47PM, Sept. 10, 2021.

RAY S. TOPASNA Board Secretary / Executive Director

GUAM HOUSING AND URBAN RENEWAL AUTHORITY ATURIDAT GINIMA YAN RINUEBAN SIUDAT

MEMORANDUM

TO:

Board of Commissioners

FROM: Ray Topasna, Executive Director

SUBJECT:

Intent of Award for IFB#GHURA-COCC-021-007

New Vehicles – (12) New Pick-up Trucks

GHURA issued an Invitation for Bid to purchase 12 new pick-up trucks on July 16, 2021. A total of three vendors had expressed their interest in the bid. The IFB closed on August 31, 2021 and three companies submitted bids. Below are the results of the bid submissions:

Bidder	Bid Item #1	Bid Item #2	Total
Atkins Kroll	\$251,909.00	\$146,000.00	\$397,909.00
Triple J Enterprises, Inc.	\$271,880.00	\$186,250.00	\$458,130.00
Monster Corp. dba Autospot	\$265,965.00	\$154,975.00	\$420,940.00

Bid Item #1: (7) Pick-up Trucks – Extended Cab, 4WD, V6

- AMP 1 − 1 truck
- AMP 3 − 1 truck
- AMP 4 4 trucks
- Guma Trankilidat 1 trucks

Bid Item #2: (5) Pick-up Trucks – Extended Cab, 2WD, 4-Cylinder

- Section 8 4 trucks
- COCC (ROSS) 1 truck

Upon review of the bid submissions, Triple J Enterprises, Inc.'s bid was rejected due to non-payment of the \$50.00 bid registration fee. Atkins Kroll and Monster Corp. were deemed responsive having satisfied the administrative requirements of the IFB. However, Atkins Kroll's bid for Bid Item #1 was misquoted and did not meet the minimum specifications.

Overall, GHURA is requesting for the Board of Commissioners approval for awards to Monster Corp. dba Autospot for Bid Item #1 in the amount of Two Hundred Sixty-Five Thousand Nine Hundred Sixty-Five Dollars and Zero Cents (\$265,965.00) for (7) pick-up trucks; and to Atkins Kroll for Bid Item #2 in the amount of One Hundred Forty-Six Thousand Dollars and Zero Cents (\$146,000.00) for (5) pickup trucks.

Board Meeting of September 17, 2021

PAGE 23 of 47

2021 Tacoma

Epic made possible.

The 2021 Tacoma makes your off-road, off-grid adventures possible! Built from the same tough material that's made Toyota trucks legendary, Tacoma brings capability, tech and confidence to your outdoor adventures. So gear up, get in and get ready to start your next epic adventure.

The power to rule any terrain.

Life is more epic with Tacoma. Equipped with an available 3.5-liter V6, which includes a standard Tow Package, Tacoma can tow up to 6800 lbs.² And the 4-/7-pin connector sits cleanly inside the three-piece bumper, helping you haul your gear out without hitting any snags.

Available 6-speed transmission

If rowing through the gears is more your style, Tacoma offers a 6-speed manual transmission, on certain models, to put control firmly in your hands.

6800-lb. towing capacity

Whatever toys you've got, Tacoma's got the power to bring 'em along. Its powerful V6 and available Tow Package help it tow up to 6800 lbs.² or carry a payload of up to 1685 lbs.³

Trailer-Sway Control

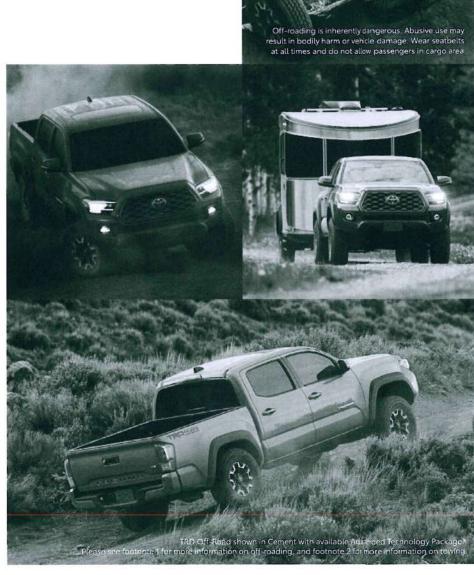

Included with Tacoma's available Tow Package, Trailer-Sway Control (TSC)⁴ applies brake pressure at individual wheels and manages engine torque to help maintain control of the trailer.

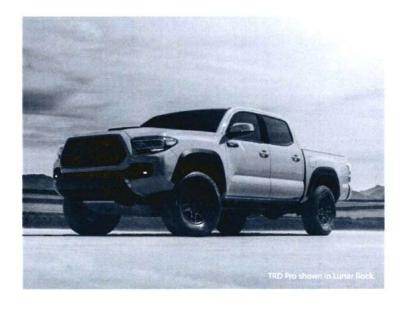

Part-time 4WD

Choose the drivetrain mode best suited for your adventure of the day. With part-time 4WD, you can easily activate 4WD capabilities with a simple turn of a knob.

3.5-liter V6 direct-injection engine

Tacoma's available Atkinson-cycle 3.5-liter V6 with direct injection is the perfect blend of efficiency and power, giving you more of everything you want.

Leave limits in the dust.

Designed by the experts at Toyota Racing Development (TRD), the 2021 Tacoma TRD Pro is built to take on the world's gnarliest terrain. The stuff you want — like an aggressive front fascia, a TRD cat-back exhaust and 16-in. TRD Pro black alloy wheels — all comes standard. Things are about to get a lot more epic.

Board Meeting of September 17, 2021

Rigid Industries® LED fog lights

Designed for an OEM-perfect fit, these Rigid Industries⁸⁶ LED fog lights pack a lot of brightness into a compact package. Rugged construction and a 35-degree wide-angle beam pattern help ensure you have light when, and where, you need it.

TRD-tuned FOX®7 Internal Bypass shocks

For ultimate performance and control, these shocks feature 2.5-in. aluminum housings; hardened, oversize shafts; and remote reservoirs in the rear. Designed to help provide more ground clearance, maximum damping and fade-free performance, the suspension helps smooth out the rough stuff.

TRD Pro skid plate

A unique TRD Pro skid plate comes standard on Tacoma TRD Pro. Constructed from 1/4-in.-thick aluminum, this piece of armor helps protect crucial mechanical components underneath the front end, so you can even go beyond points on the map.

Obstacles don't stand a chance.

This is where the rubber meets the dirt. With available equipment like an electronically controlled locking rear differential, Crawl Control (CRAWL)⁸ and a Multi-Terrain Monitor (MTM),⁹ Tacoma is ready to take on tough terrain.

Electronically locking rear differential

Tacoma TRD Off-Road's standard electronically controlled locking rear differential distributes engine power evenly to both rear wheels so they move at the same speed, providing more grip in low-traction conditions.

Bilstein® shocks

Available Bilstein®10 shocks know how to keep their cool under pressure, delivering consistent performance when the going gets rough. Standard on TRD Off-Road, these shocks help soak up the impacts of the trail, thanks to high-performance components and valving tuned specifically for off-road driving.

Multi-Terrain Select

Tacoma TRD Off-Road features Multi-Terrain Select (MTS). With five modes to choose from, this system helps regulate wheelspin by automatically adjusting the engine throttle and traction control. When combined with standard Goodyear^{®11} Wrangler^{®12} tires with tough Kevlar^{®13} construction, Multi-Terrain Select helps improve traction dramatically.

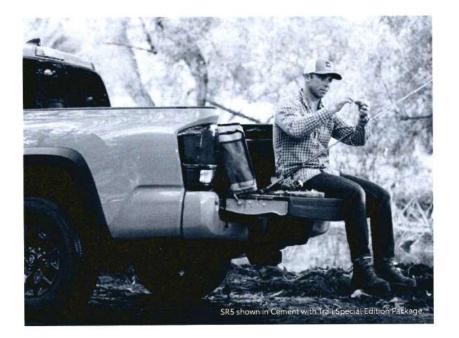

Hill Start Assist Control

Tacoma's Hill Start Assist Control (HAC)¹⁴ is designed to help you safely get up those hills. This technology helps minimize Tacoma from rolling backward when you move your foot from the brake to the gas pedal, so you can move upward with confidence. (HAC not available on TRD Off-Road 4WD M/T.)

Crawl Control

When the trail gets challenging, Tacoma TRD Off-Road's Crawl Control (CRAWL)⁸ is here to help you conquer your off-road adventure. This advanced system automatically modulates the throttle and brakes on five low-speed settings so you can keep your focus on navigating across difficult terrain.

UTILITY

Carry your boards, bikes and sense of adventure.

Bikes. Boards. You name it. Tacoma's standard composite bed surface is built to withstand your rough-and-tumble adventure. Its integrated heavy-duty deck rail system makes it easy to tie down gear of all sizes. Now, when action calls, you'll be ready to go.

Trail Special Edition

Black badging, unique dark gray 16-in. TRD Off-Road wheels and lockable bed storage boxes highlight the adventurous spirit of Tacoma Trail Special Edition. The driver's-side storage box even includes insulation inside, while Black fabric seats with unique tan stitching raise the bar on each drive.

Composite bed with 120V outlet

Tacoma's bed is composed of an ultra-durable, fiber-reinforced Sheet-Molded Composite (SMC) surface that boasts a greater impact strength than steel, while an available bed-mounted 120V/400W outlet¹⁵ helps keep the action powered up.

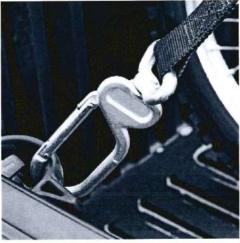

Deck rail system

Tacoma's bed comes standard with an innovative deck rail system. With four heavy-duty adjustable tie-down cleats, you've got the strength and adjustability you need to keep your cargo securely strapped down.

Smart storage

With various hidden, locking storage areas, Tacoma keeps your gear out of the way, out of sight and ready for your next outing.

See numbered footnotes in Disclosures section.

Raising the bar. Again.

Whether freshly waxed or coated in dust, Tacoma's good looks impress from every angle. But while it may be tough on the outside, Tacoma is all about comfort and convenience on the inside, with features like a Qi-compatible wireless charging pad:

Nightshade Special Edition

Cruise down the street in the new Nightshade Special Edition and show off Tacoma's dark side. Blacked-out exterior trim, dark smoke 18-in. alloy wheels, exhaust tip and exclusive grille — all add a little more mystery to your adventures.

LED headlights

Tacoma's available LED headlights use LED elements for both the low and high beams, giving you bright, efficient light when you need it. And since they're bolted to the front of Tacoma, you can bet that they look awesome too.

Embossed tailgate

Let everyone behind you know who's in charge. The tailgate features an embossed Tacoma logo that complements the rugged look.

Dual zone automatic climate control

Standard on all V6 models, the dual zone automatic climate control brings more comfort while you're out on the trails. Adjust the cabin temperature to your and your passenger's preferences, and the system automatically adjusts the controls to get things just right.

Panoramic View Monitor

Get into and out of that campsite with ease. Tacoma's available Panoramic View Monitor (PVM)¹⁷ uses cameras on the front, sides and rear of the truck to give you a 360-degree view of what's going on outside.

10-way power-adjustable seat

Take comfort to new heights. Tacoma features an available 10-way poweradjustable driver's seat that includes 2-way lumbar support.

Amplify your drive.

Take advantage of smarter and convenient technologies designed to simplify your everyday life. From a suite of services that are there for you 24/7 to an immersive audio multimedia system, you can stay connected to your world.

Connected Services

Our available suite of Connected Services provides added convenience and peace of mind.¹⁸

- ✓ Safety Connect®

 Emergency SOS assistance and 24/7 Toyota

 Roadside Assistance. 9, 20
- ✓ Service Connect Get personalized maintenance updates and vehicle health reports?¹¹
- ✓ Remote Connect Start, lock/unlock your doors and more, using your compatible smart device.²²
- ✓ Wi-Fi Connect

 Turn your Toyota into a hotspot with 4G connectivity.²³
- ✓ Destination Assist 24/7 live agent assistance to locate your next destination.²⁴

To view included trial details, please visit toyota.com/connected-services.

Audio Multimedia

Make every drive more personal. By utilizing your vehicle's touchscreen display and audio multimedia capabilities, you'll always have access to what you want. Whether it's listening to your favorite playlist or finding the most scenic route to your destination, you'll enjoy the latest in connectivity and technologies that are all about you.

Apple CarPlay®

Bring along a familiar face. With Apple CarPlay^{®25} compatibility, you can use your compatible iPhone^{®26} with the audio multimedia system to get directions, make calls, send and receive messages, and listen to music — all while staying focused on your commute.

Android Auto™

Stay connected on the road. By pairing your compatible Android^{TM27} phone with the audio multimedia system, Android Auto^{TM28} lets you access your Google Assistant, get real-time traffic alerts, make and receive phone calls, listen to your favorite soundtrack and more.

(((SiriusXMi))

SiriusXM® All Access 3-month trial subscription

Enjoy listening to what you want to hear. With SiriusXM,^{©29} you get the deepest variety of ad-free music, more sports coverage than anywhere else, exclusive talk channels, every kind of comedy, and the most complete news coverage.³⁰

Amazon Alexa

Almost anywhere the road takes you, Amazon Alexa³¹ connectivity follows. With a smartphone connection and the Toyota+Alexa app, all you have to do is ask Alexa to play music, listen to audiobooks, hear the news, check weather, control smart-home devices and more.

JBL®

Feel the difference and hear the truth. Designed specifically for Toyota, JBL®32 finely tunes each speaker to the interior of the vehicle. Just turn up the volume to hear the crisp, rich, vibrant sound come through.

Feature availability may vary by model grade. See numbered footnotes in Disclosures section.

TOYOTA SAFETY SENSE™ P (TSS-P)

Peace of mind comes standard.

Toyota Safety Sense™ P (TSS-P)³³ is a bundle of active safety features included on many new Toyota vehicles at no additional cost. TSS-P's comprehensive features create in-the-moment safety designed to help protect you and your passengers from harm.

Pre-Collision System with Pedestrian Detection³⁴

Dynamic Radar Cruise Control³⁵

Lane Departure Alert³⁶

Automatic High Beams³⁷

For more information, visit toyota.com/safety-sense. Feature availability may vary by model grade. See numbered footnotes in Disclosures section.

SR

Available in Access Cab 6-Ft. Bed and Double Cab 5-Ft. Bed

Mechanical/Performance

- ✓ 2.7-Liter DOHC 16-Valve 4-Cylinder with VVT-i; 159 hp @ 5200 rpm; 180 lb.-ft. @ 3800 rpm; 6-speed automatic transmission
- √ 3.5-Liter DOHC V6 direct-injection Atkinson-cycle
 with 278 hp @ 6000 rpm; 265 lb,-ft. @ 4600 rpm:

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

 $Power train: 60\ months/60,000\ miles\ (engine,\ transmission/transaxle,\ drive\ system,\ seatbelts\ and\ airbags).$

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

DISCLOSURES

1. The Toyota Tacoma is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. 2. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. [Calculated with the new SAE J2807 method.] Installation of a tow hitch receiver or other accessories located near the rear bumper or side-door kick sensors may require disabling or removing the kick sensor, and the sensor operation setting in your vehicle should be turned off. See Owner's Manual for limitations. 3. Payload Capacity is the calculation of GVWR minus curb weight and should be used for comparison purposes only. The maximum amount of passenger and cargo weight your vehicle can carry is the Load Carrying Capacity indicated on the label(s) on the driver's doorjamb. 4. Trailer-Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 5. Replaces chrome rear bumper with color-keyed rear bumper on TRD Off-Road models. 6. Rigid Industries* is a registered trademark of JST Performance, LLC d/b/a Rigid Industries. 7. FOX is a registered trademark of FOX Factory, Inc. 8. Crawl Control is designed for driving on difficult terrain at low speeds and assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. See Owner's Manual for additional limitations and details. 9. The Multi-Terrain Monitor view is limited and can be affected by environmental conditions. See Owner's Manual for additional limitations and details. 10. Bilstein® is a registered trademark of ThyssenKrupp Bilstein GmbH FED REP GERMANY. 11. Goodyear® is a registered trademark of The Goodyear Tire & Rubber Company. 12. Wrangler® is a registered trademark of Goodyear Tire & Rubber Company. 13. Kevlar* is a registered trademark of E. I. du Pont de Nemours and Company. 14. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 15. Rated for 400 watts for a single three-prong outlet. See Owner's Manual for additional limitations and details. 16. Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. 17. The Panoramic View Monitor does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 18. Connected Services depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Toyota's control, all of which can limit system functionality or availability, including access to response center and emergency support. Service may vary by vehicle and region. Subscription required after trial. Terms of Use apply. Data charges may apply. Apps and services subject to change at any time without notice. See toyota.com/connected-services for details. To learn about Toyota's data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. Stolen vehicle police report required to use Stolen Vehicle Locator. 19. Safety Connect® depends on an operative telematics device, a cellular connection, GPS signal strength and other factors outside of Toyota's control, all of which can limit system functionality or availability, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Some features may require the Toyota app. Registration required. Subscription required after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. Service may vary by vehicle and region. See usage precautions and service limitations in Owner's Manual and at toyota.com/connected-services/ for additional details. To learn about Toyota's data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. 20. Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. See Toyota Dealer for details and exclusions, 21. Information provided is based on the last time data was collected from the vehicle and may not be up to date. Service Connect depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Toyota's control, which can limit functionality or availability. Service may vary by vehicle and region. Registration required. Service subject to change at any time without notice. Terms and conditions of subscription service agreement apply. See usage precautions and service limitations in Owner's Manual and at toyota.com/connected-services for additional details. To learn about Toyota's data collection, use, sharing and retention, please visit https://www.toyota.com/privacyvts/. 22. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Toyota's Remote Connect depends on an operative telematics device, a cellular connection, GPS signal strength and other factors outside of Toyota's control, which can limit system functionality and availability. Service may vary by vehicle and region. Registration and Toyota app download required. Subscription required after trial. Terms of Use apply. Data charges may apply. Remote start/stop not available on manual-transmissionequipped vehicles. Services subject to change at any time without notice. See usage precautions and service limitations in Owner's Manual and at https://www.toyota.com/ connected-services for additional details. To learn about Toyota's data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. 23. Eligible vehicle and wireless service required. Coverage and service not available everywhere, Valid in the contiguous U.S. and Alaska, Do not drive distracted. Go to att.com/toyota for terms and conditions. Data usage and charges apply. Up to 5 devices can be supported using in-vehicle connectivity. Apps and services subject to change at any time without notice. 24. Destination Assist depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength and other factors outside of Toyota's control, which can limit system ability functionality or availability. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Services subject to change at any time without notice. Terms of Use apply. See Owner's Manual and toyota.com/connected-services for additional limitations and details. To learn about Toyota's data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. 25. Apps and services are subject to change at any time without notice. Data charges may apply. Apple CarPlay® functionality requires a compatible iPhone® connected with an approved data cable into the USB media port. Apple CarPlay® is a registered trademark of Apple Inc. 26. iPhone® is a registered trademark of Apple Inc. All rights reserved. 27. Android is a trademark of Google LLC. 28. Vehicle user interface is a product of Google and its terms and privacy statement apply. To use Android Auto on your audio display, you'll need an Android Auto compatible vehicle and Android phone. For phone compatibility visit: https://www.android.com/auto/. Requires compatible smartphone connected with an approved data cable into the USB media port, and data plan rates apply. Apps and services vary by phone carrier and are subject to change at any time without notice. Android, Android Auto and Waze are trademarks of Google. 29. Sirius XM^e audio services require a subscription sold separately by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers. ©2021 Sirius XM Radio Inc. SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. 30. SiriusXM All Access trial length and service availability may vary by model, model year or trim. 31. Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Certain functions require adequate signal strength and smartphone technology/connectivity. Not all Amazon Alexa functionality is available for in-vehicle use. See applicable app for details, Download of the Toyota+Alexa app is required to begin in-vehicle use of Alexa. Data charges may apply for certain functions. Apps, prices and services subject to change at any time without notice. To learn more, go to https://www.toyota.com/audio-multimedia. To learn more about Toyota's data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/.

32. JBL* and Clari-Fi* are registered trademarks of Harman International Industries, Inc. 33. Toyota Safety Sense** effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner's Manual for additional limitations and details. 34. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian and weather, light and road conditions. See Owner's Manual for additional limitations and details. 35. Dynamic Radar Cruise Control (DRCC) is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. See Owner's Manual for additional limitations and details. 36. Lane Departure Alert is designed to read visible lane markers under certain conditions, and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 37. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details. 38. The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 39. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for additional limitations and details. 40. The Safety Connect® trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. 41. The Wi-Fi Connect trial begins at the time of activation and expires when 2GB of data is used or when the 3-month period ends. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply, 42. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 43. May not be compatible with all mobile phones, MP3/WMA players and like models. 44. Rear parking assist sonar is designed to warn drivers of potential rear collisions at speeds of 6 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the rear parking assist sonar to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner's Manual for additional limitations and details. 45. Dynamic Navigation depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength, and other factors outside of Toyota's control, which can limit system functionality or availability. Services not available in every city or roadway. Use common sense when relying on information provided. Service may vary by vehicle and region. Registration is required. Terms of Use apply. See Owner's Manual and https://toyota.com/connected-services for additional limitations and details. To learn about Toyota's data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. 46. The Dynamic Navigation three-year trial period begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required to access the service. 47. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease

DISCLOSURES

of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. 48. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor, See Owner's Manual for additional limitations and details. 49. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations and details. 50. This floor mat/floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat/liner must be secured with its fasteners. Do not install a floor mat/floor liner on top of an existing floor mat/floor liner. 51. The Smart Key System may interfere with some pacemakers or cardiac defibrillators, If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 52. The Toyota Remote Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. Terms of Use apply. 53. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the respective trial period expires, enrollment in paid subscription is required to access the service. 54. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 55. Extra-cost color. 56. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. If you would prefer a vehicle with no or different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print). 57. Advanced voice recognition capabilities vary by head unit. 58. HD Radio Mechanism Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. 59. Dynamic voice recognition capabilities vary by head unit. 60. Sway Warning is designed to provide a visual and audible alert if it detects a pattern of vehicle movement that might indicate driver inattention or drowsiness. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 61, Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 62. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details. 63. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner's Manual for additional limitations and details. 64. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details. 65. Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. 66. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service. 67. ToyotaCare covers normal factory scheduled maintenance for two years or 25,000 miles, whichever comes first. Certain models require a different maintenance schedule as described in their Maintenance Guide. 24-hour Roadside Assistance is also included for two years, unlimited mileage. Roadside Assistance does not include parts and fluids, except emergency fuel delivery. See Toyota dealer for details and exclusions. Valid only in the continental U.S. 68. Auto LSD is an electronic, brake-actuated limited-slip differential that automatically activates when VSC is disengaged at low speeds. See Owner's Manual for additional limitations and details. 69. EPA-estimated 20 city/23 hwy/21 combined mpg rating for 2021 Tacoma SR 4x2 4-Cyl. AT and SR5 4x2 4-Cyl. AT; 19 city/22 hwy/20 combined mpg rating for 2021 Tacoma SR 4x4 4-Cyl. AT and SR5 4x4 4-Cyl. AT; 19 city/24 hwy/21 combined mpg rating for 2021 Tacoma SR 4x2 V6 AT, SR5 4x2 V6 AT, TRD Sport 4x2 V6 AT, TRD Off-Road 4x2 V6 AT and Limited 4x2 V6 AT; 18 city/22 hwy/20 combined mpg rating for 2021 Tacoma SR 4x4 V6 AT, SR5 4x4 V6 AT, TRD Sport 4x4 V6 AT, TRD Off-Road 4x4 V6 AT, Limited 4x4 V6 AT and TRD Pro 4x4 V6 AT; 17 city/21 hwy/18 combined mpg rating for 2021 Tacoma TRD Sport 4x4 V6 MT; and 17 city/20 hwy/18 combined mpg rating for 2021 Tacoma TRD Off-Road 4x4 V6 MT and TRD Pro 4x4 V6 MT. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov.

Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order.

Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print).

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

Toyota Tacoma is designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Toyota encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. Towing hitch receiver/ball mount kits are not intended to provide crash protection. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Vehicles shown may be prototypes, shown using visual effects and/or shown with options. Actual models may vary.
