

Consolidated Annual Performance and Evaluation Report

# GUAM CAPER PY2021

Program Year 2021 (Oct 01, 2021 – Sept 30, 2022)

for public comment as of November 20, 2022

## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

For this reporting period Guam's priority had shifted leading up the start of the program year (October 2020). Seven months into the Global Pandemic, the community focused all/prioritized efforts to address, respond to and prepare for Coronavirus on Guam. In this reporting for the first time Guam was not able to meet the ratio for expenditures on its entitlement funds. Guam developed a CDBG Workout Plan to assist in addressing its timeliness and identify factors that contribute to its status of the expenditures for the previous year funding. Some of these factors that contributed to this status include prior H2B construction labor issues, government permitting process timeliness, and Coronavirus. In this same period, Guam received CARES Act funds to prepare for, respond to Coronavirus in addition to regular entitlement CDBG/HOME/ESG funds.

### **Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

Despite Guam’s AAP and CDBG Workout Plan, GHURA’s unwavering efforts to progress toward each program goal, this PY2021 CAPER will demonstrate the defaults in timeliness considering all factors having to deal with Coronavirus in addition to all prior circumstances beyond Guam’s control. During this program year 2021 Guam received entitlement funds of \$4,476,268.00 in CPD Funds from HUD.

\$3,153,352 for CDBG, \$1,063,975 for HOME, and \$258,941 for ESG program activities. In addition to the PY2021 entitlement funds and funds carried over from previous years program income, Guam continued to expend \$2,375,273 of CARES Act funds received from previous program years. Activities to prepare, plan and respond to Coronavirus continued through this program year, \$2,210,496.15 of CARES Act funds were spent through ESG-CV programs and \$164,776.88 spent on planning and administration of these CV programs.

During this reporting period Guam identified activities outlined in its second year of its 5-year consolidated plan 2020-2024 (PY2020) which supported the goals of (1) expanding affordable housing, (2) improve and expand community facilities and improvements, (3) expand and provide services to homeless and nonhomeless, (4) improve and expand economic opportunities and (5) planning and administration. In addition to activities to prepare, plan and respond to Coronavirus.

Guam’s priority focused on the response to the community needs in addressing activities responding to CoronaVirus. The subrecipient The Salvation Army, the Food Pantry was able to provide food to 2,296 individuals during the reporting period. The subrecipient Manelu provided services to 64 individuals. Services included workforce development workshops, assisting clients with job searches and job applications, and community outreach. While addressing community response to CoronaVirus, the ESG-CV activities assisted 858 individuals. Guam maintained slowed progress toward its goals outlined for the program year due to majority focus on these

programs. For this period the Women’s Residential Treatment Center continued its construction progress seeing delays due to various factors; the Central Community Arts Hall reached neat completion and is in preparation to open for the community; design and development and securing site location for the Eastern-Sub Station showed progress. For this program year Guam did not meet its timeliness test to expend CDBG funds. In efforts to address this, the executive management has headed internal weekly timeliness progress team to address delays through all CDBG programs.

Above in Table 2 describes families assisted from programs funded by Guam’s entitlement funds and/or CARES Act funds during the program year 2021 (October 1, 2021 - September 30, 2022), by the racial and ethnic status. The CARES Act funds expended were used to prepare and respond to the community needs for CoronaVirus. Reported in the previous year The Salvation Army received \$153,000.00; those funds continued to be expended during this reporting period to assist 2296 individuals during this time period. Of the recipients, (15) White, (5) Black African American, (562) Asian, (2) American Indian/Alaska Native, (1712) Native Hawaiian/ Other Pacific Islander. Guam Housing Corporation received \$714,000.00; during the period the sub recipient worked through the programmatic aspect for the Mortgage Relief Program, this activity was completed and closed during the CAPER PY2020 however the balance of \$648,469.91 of CV funds have been identified to be reprogrammed to on-going CV activities (Liheng Sinafo Temp.

Emergency Shelter). Also reported in the previous CAPER PY2021 Manelu received \$64,084.00 for its Employment Empowerment Initiative (EEI) Program. During this year this activity continued to be active and progressing toward project goals. The project has provided workforce readiness and employment assistance to 64 individuals for this period. The 64 clients have all completed the Workforce Development workshops. 24 participants were assisted with overcoming the barrier of transportation, by receiving the incentive of driving school. Five (5) participants elected for the incentive to pay for their health certificates to start working within the food industry. 22 clients were assisted with searching for jobs, creating a resume, and applying for employment. 15 out of the 22 were successfully employed, and 5 reached the interview stage and are still awaiting a response from employers.

### Narrative

Table 3 reflect a total of \$5397956.14 in expenditures for the reporting period for PY 2021 (October 1, 2021 – September 30, 2022). The total expended CDBG funds reported was 2917156.84, of that 2752379.96 was entitlement funds and 164776.88 was CDBG-CV funds. The total 237433.66 HOME funds expended resulted from program expenditures that supported HOME acquisition and rehabilitation projects and the HOME program administration, were all entitlement funds. The total expended ESG funds reported was 2243365.64, of that 2210496.15 was ESG-CV program activities and 32869.49 entitlement funds. For this PY2021 reporting period Guam did not receive or expend Housing Trust Fund program funds.

### Narrative

Guam identifies specific projects/activities based on community need in-line with its goals outlined in the Consolidated Plan and its respective Annual Action Plan for the program year. During this program year expenditures reflected priority in response to support community need in the prevention, preparation for and respond to Coronavirus through the island. The Authority continued planning efforts in design for the MTM Basketball Court Rehabilitation and the design and development of the Sinajana Fire Station and the Eastern Sub-Station.

## Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

HUD funds continue to leverage local resources to develop projects quite often by identifying available public land within Guam's inventory. Land continues to be particularly useful and remains a scarce resource. This enables HUD funds to be focused on the construction of facilities at considerable savings to project costs .

During this reporting period, the Government of Guam, the Authority, GWA and various Government agencies worked to secure land for a public facilities project which will construct a new facility for the Guam Police Department, an Eastern Sub-Station. This is a public facility proposed in the first year of this ConPlan period continues to progress forward with its design and development. During this reporting period the Authority and the Administration addressed the Sinajana Fire Station project anticipates leverage of local funds for the construction of this CDBG PFI project, as CDBG funds were used in previous years to acquire the site (land). The HOME and ESG match requirements do not apply to Guam.

**Table 12 – Number of Households Supported**

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

Guam’s goals for the second year of CONPLAN 2020-2024 included sustaining affordable housing stock by constructing homes to be sold to eligible low and moderate income individuals and families and to acquire and rehab existing stock also to be sold to income eligible buyers. During this program year construction has begun for (2) new affordable housing units and remains ongoing through the end of this reporting period. In the pursuit of affordable rental housing, Guam has largely supported the development of low income tax credit funded projects. Through this program year Guam worked to acquire affordable rental through the use of its CDBG program year funds. During this reporting period the efforts on the site selection were unsuccessful though most of the program year was spent on the environmental and other administrative duties to acquire it. Guam still maintains struggles in the construction industry. Competition to secure contractors between with local and federal jobs remain at the forefront of the struggles in addition to the lingering repercussions of reduced access to a non H2B workforce, increased materials costs and or the reduced availability of materials. Along with the rest of the nation Guam’s efforts remained in line with the last program year, prioritizing its efforts to prepare to respond to and prevent Coronavirus, expending CARES Act funds through this reporting period. These efforts would include funding support for the immediate Homeless Shelter in addition to maintaining Guam’s proposed activities to support target demographic populations as a result of CoronaVirus.

**Discuss how these outcomes will impact future annual action plans.**

Guam will continues to pursue its plans to address these needs to produce additional inventory of affordable housing (to be marketed at prices not attainable by a low or moderate income buyer or renter) along with actions to address public safety. The same issues of increased costs of construction and limited or lack of materials are still the same issues faced on every site prior to construction, during and through the end. For a second year the outcomes resulting from these issues the island faces have placed greater pressure on proper planning and execution on the Authority.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	0	0
Low-income	0	0

Moderate-income	0	0
<b>Total</b>	<b>0</b>	<b>0</b>

**Table 13 – Number of Households Served**

**Narrative Information**

Guam continued to fund the Family Service Center using CDBG funds. For this program year, Guam began construction on (2) new affordable housing units for households below 60% area median through the HOME Program. Guam continues to pursue its plans to increase the inventory of affordable rental units.

FINAL DRAFT for COMMENT

**CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

**Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

(PENDING 11.18.2022)

**Addressing the emergency shelter and transitional housing needs of homeless persons**

(PENDING 11.18.2022)

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

(PENDING 11.18.2022)

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

(PENDING 11.18.2022)

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

During the reporting period, GHURA's Public Housing Management team continued to work closely with Public Housing residents to link them with local programs to assist them with paying rent and utilities. GHURA staff stayed connected with Guam's Department of Administration who oversees the Emergency Rental Assistance Program (ERAP) to ensure Public Housing families avail of the program funding. For many residents, the availability of these funds prevented them from facing evictions and homelessness. As the ERAP program funds expire and closes, the PH Management is taking an active role in meeting with residents to discuss the challenges they may have in keeping up to date with their rents. For those that have completed their term with DOA, the AMPs staff work with residents to reevaluate their financial situation. Most of the residents agree to move their outstanding balances into promissory notes. In efforts to maintain the needs of public housing The Resident Advisory Board (RAD) consisting of residents within the four (4) Public Housing sites meet annual to review the PHA Plan and provide input on capital improvement initiatives at their site. These efforts promote engagement and opportunities for families to work closely with their site-based office. There is currently no homeownership program available however, families in the public housing program participate in education and awareness activities that advocate and promote decent, clean and sanitary units. As discussed earlier, home inspections and follow up services include educating families on reporting deficiencies in their unit; tips on how to clean their appliances and how poor housekeeping is linked with infestations; all are risks for failed inspections. Other efforts to address the needs of the public housing community AMP 3 (Agat, Merizo, Umatac) opened a waiting list application period on April 1st 2022 and remained open through September 30th 2022. AMP 4 (Dededo, Toto) has determined that it will reintroduce the Resident Newsletter. This newsletter has been resourceful for residents in the past as it provided them with feedback on GHURA programs and tidbits on housekeeping. This also provided them information about the REAC inspection and the AMP's performance.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

GHURA's Public Housing AMP 2 works closely with its residents to take pride in the development and to continue to work hard at making the community a clean and safe environment to live in. On a large scale, residents volunteer to participate on GHURA's Resident Advisory Board to advocate for their community interests and capital improvement initiatives. On a smaller scale, residents volunteer for small painting projects, or to simply lead and take charge of non-profit organizational programs administered by community partners at the sites. Although there is no existing platform to push resident participation in homeownership currently, we are certainly open to discussions on the topic. This will likely involve coordination with USDA and other banking institutions that can provide information on homeownership affordability and the requirements residents will have to undertake to qualify for such financing. During the year, the Staff have been involved with several activities, such as DOE's Parent-Teacher Conference and the CEDAR's Village Play Time. Mane'lu has also introduced outreach programs to both children and adults.

FINAL DRAFT for COMMENT

### **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

Guam continues to work in concert with the CoC and others to assist those individuals experiencing homelessness to obtain Guam identification cards for those who are certified homeless. During this reporting period, Guam set a course for action to Acquire more affordable rental properties for low/moderate income these action resulted unsuccessful at the end of this reporting period. Efforts to support housing include the site, design and planning for Public Facility and Transitional Housing in the village of Dededo.

### **Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

Guam focused on programs that address the preparation, reaction, and response to Coronavirus. In addition to these emergency programs, the CoC continued to support programs that serve victims of domestic violence, and the Housing First program, which prioritizes chronically homeless individuals with disabilities.

CDBG's Public Services programs assisted the following underserved populations: The Lighthouse Recovery Center provided treatment to men in recovery from substance abuse; the Family Services Center provided homeless prevention and rapid rehousing, emergency and transitional housing; the Homeless Management Information System captured important data of persons served through various homeless programs; Manelu provided work readiness and family enrichment programs; and GALA provided youth empowerment programs. Although plans in place continuously supported GUAM's proposed projects, efforts continued toward goals identified in GUAM's Annual Action Plan.

### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

GHURA continues to exercise LBP procedures in the same manner has previously reported in the last CAPER period.

During the planning meetings for prospective sites, regulations are reviewed to ensure safety and compliance above all project efforts.

Planning and procedures are in place to determine if a site has presence of LBP. All procurement and proper safety planning regarding the work involving the testing, abatement or encapsulation is contracted by proper authorities and a hazard waste contractor. Staff is reminded and educated that Lead based paint (LBP) shall be removed and disposed of in accordance to 40 CFR Part 745.227. As

such, disturbance/demolition/disposal of these work items. All construction debris must be performed in accordance with the OSHA lead standard for construction (29 CFR 1926.62) and US EPA hazardous waste regulations (40 CFR Parts 242-282). The OSHA lead standard includes requirements for worker training, medical surveillance, air monitoring, personal protective equipment, and hygiene facilities. In addition, any waste generated from the disturbance of these surfaces may be regulated by the EPA as hazardous waste. It is recommended that a representative sample of the waste be analyzed for proper hazardous (or non hazardous) characterization. If the waste stream is deemed hazardous, it must be disposed of at an EPA approved site. If the waste stream is found nonhazardous, it can be disposed of as construction debris. The contractor provides certification of LBP material disposal to GHURA. Closeout documents for LBP certification requirements are required. The contractor shall hire an independent third party inspector to determine the presence (or absence) LBP and ensure the work is completed and free from LBP contamination. The independent third-party inspector shall be EPA certified and licensed to conduct such activities pursuant of 40 CFR Part 745.227.

**Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The number of persons and families living in poverty on Guam remains a concern to the government and the community. Resources and actions taken by Guam to address poverty included committing funds to local organizations that provided direct and indirect assistance to low and extremely low income families and special needs populations (including victims of domestic violence, adults with disabilities, and the homeless.) Services include housing related assistance, case management and supportive services, job training and education, and other services. Guam also shares guidance and strategic direction to working groups and collaborative efforts who address veteran homelessness and homeless families. Guam works in conjunction with community partners to address the goals of poverty reduction as stated in the current ConPlan.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

Guam's efforts to develop institutional structure with respect to affordable housing and homeless issues include membership in planning councils and various working groups. Specifically, Guam assists veteran groups to end homelessness, homeless individuals with disabilities, and survivors of domestic violence. Guam also participates in strategic planning of the CoC and assists with their annual gap analysis. Guam's CPD Division provides technical assistance training to CDBG, ESG and HOME subrecipients and prospective subrecipients, as well as to prospective applicants for LIHTC and the Section 108 programs. Internally, the agency dedicates resources to enhancing the skills of its staff through ongoing professional development and training.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

Guam continues to collaborate regularly with public and private entities to better address housing and community development initiatives. Organizations and institutions involved include the following: Catholic Social Services, Core Tech., Dept. of Public Health and Social Services, Guam Alternative Lifestyle Association, Guam Behavioral Health and Wellness Center, Dept. of Revenue and Taxation, Guam Legal Services Corp. – Disability Law Center, Guam Dept. of Parks and Recreation, Guam Police Department, Mayor’s Council of Guam, Guam Mami, Micronesia Community Development Corp. (MCDC), Manelu, Micronesian Resource Center, Sanctuary Guam Inc., The Salvation Army, University of Guam, US Dept of Veterans Affairs, Victim Advocates Reaching Out and Westcare Pacific Island. CoC has other programs where eligibility isn't based on being a victim of domestic violence or sexual assault; for instance, Guma Manhoben that serves youth or Y Jahame that serves individuals/families with priority given to those with the longest histories of homelessness. In addition to these partnerships with the community other programs that addressed the community preparation and response to COVID19 were supported through this reporting period.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

(PENDING 11.18.2022)

Guam continues to address impediments to fair housing, lack of information and understanding of fair housing regulations. Guam’s Fair Housing Coordinator provides guidance, information and education to individuals seeking assistance with Fair Housing Issues. During this reporting period (XXX) formal complaints were filed with the Fair Housing Coordinator/ Guam.

Continuing from the last reporting year, COVID19 protocols and social distance guidance remained in place and community wide training remained suspended though more of this reporting period.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

Over the last two reporting periods, Guam has developed and monitored all plan activities through its timeliness workout plan. This plan has evolved from the previous years monthly reporting into a weekly meeting headed by the Authority's Executive management team. Planning and Engineering divisions work together to discuss project or activity goals, compliance, and execution procedures. Within this group, compliance from conception or approval through development or construction and throughout affordability or through the term of the facilities are addressed.

## **Citizen Participation Plan 91.105(d); 91.115(d)**

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

Guam adheres to its Citizen Participation Plan which outlines the process for citizens to participate and comment on reports. During the reporting year, Guam had no substantial amendments to its Citizen Participation Plan. Public Notice for this CAPER is scheduled for November 20, 2022 and December 4, 2022. This section will be revised to include comments following the comment period after December 20, 2022. (11.202022)

**CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

During the reporting year, Guam continued to experience the same setbacks and delays reported in its PY2020 CAPER. Many of the public services activities centered around the planning, preparation and response to Coronavirus. The public facilities projects still the repercussions of the shutdown due to COVID, whereas materials far exceeded the initial contract prices or were just not available. These issues capped with the skilled labor shortage made for a very challenging period for both the Authority and its need to address the community need and the contractors tasks to execute projects.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

No

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

## **CR-50 - HOME 91.520(d)**

**Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations.**

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Isla Apartments: 14 Unit Apartment Complex. Renovated with HOME funds.

Owned and operated by Catholic Social Service

Inspection Date: October 25, 2021

UPCS inspection resulted in Exigent Health and Safety (EHS) in four of the units. EHS deficiencies included but not limited to blocked egress and inoperable smoke detectors. Notices were issued and corrections were made within a 24 hour period. Observed Deficiencies (OD) were identified in 10 units. OD identified included but not limited to outlet covers missing or damages, pick up plugs missing, leaky shower head and GFCI inoperable. Deficiencies were documented and indicated on the report provided to the owner of the complex advising a 90 day correction period. Deficiencies were corrected and verified within the period. Other deficiencies were reported by the landlord and is currently being assessed.

**Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units.**

### **92.351(b)**

No affirmative marketing efforts were made for this period. GHURA's HOME program continues to utilize a waitlist generated from previous affirmative marketing campaigns via Facebook and flyers distributed to the Mayor's Council of Guam, church groups and nonprofit organizations. Social media proved to be the most effective medium reaching the most eligible parties and diverse groups who had an interest in the programs.

**Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics.**

For this reporting period program income drawn and used from 10.01.2021 to 09.30.2022 totals \$23,420.55. This can be reported as total PI used is \$13,979.60 and \$9,440.95 was for admin (HOME PA).

**Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing).**

### **91.320(j)**

GHURA's HOME Program and LITHC Program continues to foster and maintain affordable housing by providing affordable units for rent and/or purchase.

#### HOME Program:

For this period the Renewal Affordable HOMEs Program closes on one homebuyer and is in the process of construction an additional 2 units under the program. Currently screening 5 prospective buyers. In addition HOME Program assisted 2 families under the Affordable Rental Program in addition to renewing (9) tenants. The HOME Program continues to monitor and assist (9) families affected by COVID through housing counseling and a local Housing Assistance Fund mortgage program. And in the same period, GHURA's HOME Program contracted 1 minority contractor for the new construction of two single family units for this period.

#### LIHTC Program:

At the beginning of 2021, the LIHTC Qualified Allocation Plan (QAP) and Application process was initiated and \$6.6M in tax credits were made available to applicants that could provide affordable units based on the criteria set forth in the QAP. By July 2021, two applications were submitted—Summer Breeze I and Summer Vista. After careful deliberations, Summer Breeze I was awarded \$3.6M for the development of 64 affordable rental units comprising of (6) 1BR/1BA units; (18) 2BR/1BA units; (30) 3BR/2BA units; and (10) 4BR/2BA units. More importantly, once the project is complete in 2023, this will mark the 2<sup>nd</sup> LIHTC project to generate affordable rental units for individuals and families in the central region of Guam.

# Annual Performance Report HOME Program

U.S. Department of Housing  
and Urban Development  
Office of Community Planning  
and Development

OMB Approval No. 2506-0171  
(exp. 9/30/2023)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/M) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

Submit this form on or before December 31.	This report is for period (mm/dd/yyyy)		Date Submitted (mm/dd/yyyy)

# Early flu adding to woes for US hospitals

Associated Press

As Americans head into the holiday season, a rapidly intensifying flu season is straining hospitals already overburdened with patients sick from other respiratory infections.

More than half the states have high or very high levels of flu, unusually high for this early in the season, the government reported Friday.

Those 27 states are mostly in the South and Southwest but include a growing number in the Northeast, Midwest and West.

This is happening when children's hospitals already are dealing with a surge of illnesses from RSV, or respiratory syncytial virus, a common cause of cold-like symptoms that can be serious for infants and the elderly.

And COVID-19 is still contributing to more than 3,000 hospital admissions each day, according to the Centers for Disease Control and Prevention.

The winter flu season usually doesn't get going until December or January. Hospitalization rates from flu haven't been this high this early since the 2009 swine flu pandemic, CDC officials say. The highest rates are among those 65 and older and children under 5, the agency said.

"It's so important for people at higher risk to get vaccinated," the CDC's Lynnette Brammer said in a statement Friday.

But flu vaccinations are down from other years, particularly among adults, possibly because the past two seasons have been mild. Flu shots are recommended for nearly all Americans who are at least 6 months old or older.

Adults can get RSV too and that infection can be especially dangerous for older adults who are frail

or have chronic illnesses, doctors say. There is not yet a vaccine against RSV although some are in development.

One infectious disease specialist urged Americans to take precautions before gathering for Thanksgiving, including avoiding public crowds, getting COVID-19 tests before they meet, and

wearing masks indoors — particularly if you are old or frail, or will be around someone who is.

"Nobody wants to bring a virus to the table," said Dr. William Schaffner, of Vanderbilt University.

The American Academy of Pediatrics and Children's Hospital Association this week urged the Biden administration to declare an emergency and mount a national response to "the alarming surge of pediatric respiratory illnesses."

An emergency declaration would allow waivers of Medicaid, Medicare or Children's Health Insurance Program requirements so that doctors and hospitals could share resources and access emergency funding, the groups said in a letter.

**Guam's Consolidated Annual Performance and Evaluation Report (CAPER) For the Program Year 2021**

The Guam Housing and Urban Renewal Authority (GHURA) announces the availability of Guam's Program Year 2021 Consolidated Annual Performance and Evaluation Report (CAPER) for public review and comment. In accordance with 24 C.F.R. § 91.520 this performance report includes the performance activities described in the Program Year 2021 (PY2021) Annual Action Plan (AAP) or other concurrent activities with Guam's 2020-2024 Consolidated Plan.

The PY2021 CAPER describes the resources made available, the investment of available resources, the geographic distribution and location of investments, the families and persons assisted, the actions taken to affirmatively further fair housing, and other actions indicated in the AAP during this reporting period. For the period covering October 01, 2021 to September 30, 2022 this report highlights efforts and program activities funded from the U.S. Department of Housing and Urban Development, Office of Community Planning and Development – Community Development Block Grant (CDBG), CDBG-CV, HOME Investment Partnerships Grant (HOME), the Emergency Solutions Grant (ESG), ESG-CV, and the Continuum of Care Program Grant.

The CAPER will be available electronically on GHURA's website at [www.ghura.org](http://www.ghura.org).

GHURA is inviting the public to review and comment on the PY2021 CAPER until December 20, 2022. A public hearing will be held on Monday, December 5, 2022 at 10am at GHURA's Board of Commissioners Conference Room at the GHURA office at 117 Bien Venida Ave, Sinajana, Guam. Individuals or organizations wishing to comment on the CAPER are encouraged to do so by attending the public briefing or submitting written comments to GHURA drop box with notation of ATTN: Alicia P. Aguon or by email to [apaguon@ghura.org](mailto:apaguon@ghura.org) or via facsimile at 671-300-7565. All comments must be received no later than Tuesday, December 20, 2022.

GHURA will make necessary arrangements for persons with disabilities or special accommodations. If you should require any special accommodations, please contact the Section 504 Coordinator at 475-1322 or 472-3701 (TTY/TDD) via email at [katherine@ghura.org](mailto:katherine@ghura.org).
