# 3 RP towns in lockdown as Taal continues to rumble

(Bloomberg) – A lock-down is being implemented by police in three towns in the Philippines near an erupting volcano, 40 miles south of capital Manila, to prevent residents from returning home as heavy ash fall and tremors continue in the area.

More than 38,000 persons are currently staying in evacuation centers due to the Taal volcano's eruption, the disaster management agency said in a report Tuesday.

Farm damage from the eruption, including rice, corn, coffee, cacao and bananas, has reached 577.59 million pesos (\$11.4 million), the Agriculture Department said. Mass fish deaths are expected in the lake surrounding the volcano because of toxic sulfur levels.

A hazardous explosive eruption remains possible within hours or days, the Philippine Institute of Volcanology and Seismology said in its latest report Tuesday. New cracks were observed in nearby towns – a sign that magma could be rising from underground, the

**STILL MOVING IN BGC:** Pedestrians wearing mask while crossing the road in Bonifacio Global City in Taguig, the Philippines, on Jan. 13. Geric Cruz/Bloomberg

agency's chief Renato Solidum said. Lava fountains generated 800-meter dark gray, steam-laden plumes and 49 volcanic earthquakes were recorded early Tuesday, according to the agency. Taal Volcano is a tourist attraction and is among the nation's most active volcanoes.

It's difficult to predict how long the volcano could remain at the current heightened level of activity, said Mario Aurelio, director of the National Institute of Geological Sciences at the

University of the Philippines. Previous eruptions suggest intense activity could persist for weeks to months, he said.

"Its effect on the economy won't be that big and there can be a fairly fast catch up when the people displaced go back and start reconstruction - that could be a catalyst. The affected area is very localized," said Victor Abola, an economist at the University of Asia and the Pacific in Manila.

Financial markets and government

offices reopened in Manila on Tuesday, signaling a reprieve from ash spewed by the volcano that reached the capital. The Philippine stock exchange rose 0.2% at the close. The peso was little changed at 50.58 to the dollar.

President Rodrigo Duterte said he's scheduled to conduct an inspection of the areas surrounding Taal on Tuesday, pledging to ensure that prices of essential commodities including face masks aren't rising unreasonably. Vice President Leni Robredo visited the evacuation centers to provide food packets and dust masks, according to her official Twitter account.

The government has sufficient supplies for evacuees, and helicopters are on standby in case more people need to be evacuated, Defense Secretary Delfin Lorenzana said.

Globe Telecom Inc.'s services will be interrupted in parts of Batangas, Cavite and Laguna provinces as it cannot refuel generators in these areas because of heavy ash fall, the company said in a statement.

## Britain, France, Germany formally accuse Iran of breaking pact

PARIS/LONDON (Reuters) – Britain, France and Germany formally accused Iran on Tuesday of violating the terms of its 2015 agreement to curb its nuclear program, which eventually could lead to the reimposing of U.N. sanctions lifted under the deal.

The European powers said they were acting to avoid a crisis over nuclear proliferation adding to an escalating confrontation in the Middle East. Russia, another signatory to the pact, said it saw no grounds to trigger the mechanism

and Iran dismissed the step as a "strategic mistake."

The three countries said they still wanted the nuclear deal with Tehran to succeed and were not joining a "maximum pressure" campaign by the U.S. President Donald Trump's administration, which abandoned the pact in 2018 and has reimposed economic sanctions on Iran.

The countries triggered the deal's "dispute mechanism," which amounts to formally accusing Iran of violating the terms of the agreement.

Iran's foreign minister criticized the move. "The usage of the dispute mechanism is legally baseless and a strategic mistake from a political standpoint," Minister Mohammad Javad Zarif said, according to the Fars news agency.

Iran, which denies its nuclear program is aimed at building a bomb, has gradually rolled back its commitments under the accord since the United States quit. It argues that Washington's actions justify such a course.

**Proposed Issuance of Underground Injection Control Well**  
**Operating Permits for A. B. Won Pat International Airport Guam**  
 Public Review and Comment Period: January 18, 2020 to February 17, 2020

The Guam Environmental Protection Agency (Guam EPA) runs the Underground Injection Control (UIC) Program, as mandated by the Safe Drinking Water Act, and approved by U.S. EPA. The Agency regulates all applicable activities as set forth in the Guam's UIC Regulations. The UIC Program requires operating permits for all existing injection wells/systems. This includes wells built prior to the approval of the regulations are still in operation, and wells/systems constructed after the effective date of the regulations.

Guam EPA has received renewal applications from A. B. Won Pat International Airport in Tiyan, Barrigada for twenty-eight injection wells. The injection wells are for stormwater management along the airport's runway and its perimeter. On the basis of a preliminary UIC requirement review, the Administrator has proposed issuing UIC permits to allow discharges of stormwater runoff into the injection wells. The discharges contain stormwater runoff only. No industrial discharges or any discharges are allowed into the wells. The permits for these applications will require:

- 1 - Only stormwater runoff to be discharged into the injection wells
- 2 - Semi-annual monitoring of water quality for MBAS, NO3-N, Aluminum, Lead, Benzene, Ethylbenzene, Xylene, Toluene, MTBE, Boron, COD, TPH, and pH.
- 3 - Assurance regarding repairs, replacement, or abandonment of the wells in the event of failure;
- 4 - A laboratory analysis report of runoff water taken from the designated sampling points of the wells; and
- 5 - Compliance with other UIC requirements.

A copy of the Draft Permits and Permit Applications for the above applicant and all other supporting documents are available for public inspection from 8 a.m. until 5 p.m. Monday through Friday at the Water Resources Management Program Section of the Water Division, Guam Environmental Protection Agency, located at 17-3304 Mariner Ave., Tiyan, Barrigada 96913. For more information, contact Ms. Susan Marquez, at (671) 300-4778 or at (671) 300-4751. Written comment on the draft permits may be hand delivered or mailed to the address below. Comments must be received by Guam EPA no later than 5 p.m., Monday, February 17, 2020. No fax submissions will be accepted.

Administrator  
 Guam Environmental Protection Agency  
 17-3304 Mariner Avenue  
 Barrigada, Guam 96913

If there are no appeals, the Draft Permits become final. Operation of the injection wells identified by the applicant may proceed subject to the conditions of the permits and other applicable legal requirements. The final decision to set conditions and issue the final permits or deny applications for the permits will be decided after all comments have been considered. If no comments are received within the 30-day waiting period, the final permits shall be issued immediately after the commenting period closes. Please bring this information to the attention of all persons who may be interested in this matter.

# DYA workers support measure on parity in pay

By Mindy Aguon  
mindy@postguam.com

Over 20 Department of Youth Affairs service workers showed up in uniform at Tuesday's legislative public hearing to show their support for Bill 243 that aims to provide \$280,000 in funding for training and Bill 244 that seeks to bring parity for youth service workers.

Bill 244 seeks to appropriate \$200,000 from the unappropriated General Fund balance from fiscal year 2019 to DYA for the reclassification of youth service workers to youth correction officers. This is a funding source that the governor has said can't be used because the FY2019 surplus will be used to pay down the deficit, which is over \$80 million.

Sen. Amanda Shelton said Bill 244 seeks to put the youth correction officers on the same "level playing field" as others in the law enforcement community.

Youth service workers strongly advocated for the bill's passage during the public hearing, saying the legislation would fix decades of inequity.

"We've worked hard. All of us," said Vincent Laguana, DYA youth services supervisor.

"We are ethically meeting all requirements across the board and our time in regard to POST (Peace Officer Standards Training) requirements is really invested in all category

Youth services worker II Shawn Nelson said over the years he and his colleagues have been attacked, spat at, and had urine and feces thrown at them while enduring long hours.

requirements to education and physical," said youth services superintendent David Afaisen.

Youth services worker II Shawn Nelson said over the years he and his colleagues have been attacked, spat at, and had urine and feces thrown at them while enduring long hours.

"Many have quit to find better paying jobs. For those of us who stayed, it was a calling for us and now DYA is our second home," said Nelson. "Why are we officers treated any less?"

Nelson said some have struggled with the pay and have had to get second jobs to make ends meet.

"We are where reform starts," he told lawmakers. "Correct what is wrong (so we can) be treated fairly and equally among all POST officers."

The director and deputy direc-

**SUPPORT:** Department of Youth Affairs youth development administrator Corrine T. Buendicho, testifies in favor of Bills 243-35 and 244-35 during a public hearing Tuesday at the Guam Congress Building in Hagåtña. Photos by David Castro/The Guam Daily Post

**PARITY:** Staff members of the Department of Youth Affairs came out in force and gave testimony in favor of Bills 243-35 and 244-35, during a public hearing Tuesday at the Guam Legislature in Hagåtña.

tor were noticeably absent from the public hearing.

"It says a lot when the director and deputy director aren't here. They need to be here to support this bill. For them to not be here, you need to go back there and ask is it political? You know I'm going to be straight up. It is political. It's money that the administration doesn't want to touch," said Sen. Telo Taitague.

At the beginning of the hearing, Sen. Joe San Agustin said his office had been informed that Director Melanie

Brennan had a family emergency but had reviewed and supported the testimony of the youth services workers who attended the hearing.

San Agustin also noted he was aware the administration prefers to use the unappropriated funds to pay down the deficit.

"I prefer that we move some of that unappropriated funds to agencies that need the funding, need to get fixed, and the Department of Youth Affairs is one of those agencies," he said.

## Woman allegedly walked out of store with a \$535 bag

By Kevin Tano  
kevint@postguam.com

A 44-year-old woman is charged with theft after she allegedly walked out with a designer bag from the Moncler Store in DFS.

On Jan. 17, officers received a complaint from the loss

Joaquina Elaine Cepeda Cabrera

prevention officer for Tiffany and T-Galleria. Security footage showed a woman, later identified as Joaquina Elaine Cepeda Cabrera, enter the store carrying a black bag, according to a magistrate's complaint filed in the Superior Court of Guam.

Cabrera then allegedly placed the red quilted Moncler pouch

bag into her black bag without paying for the merchandise, documents state. The value of the stolen bag is \$535.

Two days later, officers received a call from DFS loss prevention, who stated they had sighted Cabrera, documents state. Officers arrived and attempted to place Cabrera in handcuffs while she attempted to pull away after several instructions to relax her.

"I'm sorry. I'm sorry, I'm sorry. I'll pay for it, I'll pay for it," Cabrera allegedly stated.

Cabrera is charged with a third-degree felony of theft of property.

**II. BOARD MEETING PUBLIC ANNOUNCEMENTS**

1<sup>st</sup> Printing – Thursday, January 16, 2020

2<sup>nd</sup> Printing – Wednesday, January 22, 2020

ACKNOWLEDGED

**III. APPROVAL OF PREVIOUS BOARD MINUTES – January 10, 2020**

[016/20] A motion was made by Chairman Flores to approve the board meeting minutes of January 10, 2020, as corrected. The motion was seconded by Commissioner Pereda. With no objections to the motion, the motion was approved.

#### **IV. NEW BUSINESS**

##### **1. [017/20] Resolution No. FY2020-014**

##### **Resolution approving above-step recruitment for the Architectural and Engineering (A/E) Manager position**

Mrs. Kim Bersamin stated that she was able to track filling the vacancy of Mr. Albert Santos upon his retirement by using the Merit System. After the Merit System completed its course, GHURA was able to offer Mr. Sonny Perez the A&E managerial position in December of 2019.

A petition was made for an Above-Step Recruitment. She added that to stay compliant with the statutes for Personnel, HR had decided to post the petition on the GHURA website and advertise it in the newspapers for public viewing and comment. There were no public comments received.

Mrs. Bersamin requested that the board grant the above step recruitment for Mr. Sonny Perez based on exceptional qualifications and recruitment difficulty.

Mr. Topasna added that the Office of the Governor commended GHURA in being proactive in finding a replacement for Mr. Santos. He also commended HR in coming up with creative ways to make the transition a smooth one for the A&E manager and for all the programs involved.

[018/20] With no further discussions, Commissioner Pereda made a motion to approve the Resolution No. FY2020-014, which approves the above-step recruitment for the Architectural and Engineering (A/E) Manager's position with regard to Mr. Sonny Perez. The motion was seconded by Chairman Flores. There were no objections to the motion. Motion was approved.

#### **V. OLD BUSINESS** **(None)**

## **VI. CORRESPONDENCE AND REPORTS**

### **1. [019/20] A/E Manager's Update**

Mr. Sonny Perez introduced the division report to the board. In his report, he explained that the GATE category and the assigned colors represented the status of the project. The Project Ratios are the monies already paid out to the contractors and percentage remaining. He went on to update the board on each ongoing GHURA project. Mr. Perez's project report was very comprehensive and concise.

Mr. Topasna added that GHURA had been participating in weekly teleconferences with HUD regarding the iLearn project. He also stated that the representatives from iLearn Academy and the contractor, Core Tech, have also been involved in the communications. He added that once all the permits have been submitted by Core Tech, HUD will then schedule a meeting with all the regulatory agencies to avoid any delays. The timeline is critical as the contractor must complete the project before the opening of the next school year, which is scheduled for August 2020. The concern is that documents need to be submitted in a timely manner.

Mr. Perez continued to update the board on GHURA projects of concern (amber and red):

- **Panao Rehab**- tight time-line, renovation
- **Agat Residential four bedroom**- planning and design stage
- **Panao Residential 4 bedroom**- planning and design stage
- **Construction of 6 Residential Units in Dededo**- CDBG needs to identify a Service Provider before proceeding with project
- **DPHSS Mosquito Lab**- GHURA and DPHSS scheduled to meet to discuss solutions.
- **Renovation of Five Staff Housing in Talofoto**- HUD needs justification as to why there has been no activity on this project
- **GHURA 2030 Integrated Properties and Resources Plan**- requires a more detailed plan. Mr. Perez explained that more information would be revealed in up-coming board meetings.

Chairman Flores requested that updates on the GHURA projects be presented at least once a month (2<sup>nd</sup> meeting of the month). He requested that the projects be listed in order of importance and its status.

Before discussions ended, Mr. Topasna informed the board of the possibility of GHURA being asked to build a second police precinct in the Northern village of Yigo.

## 2. [020/20] Procurement Division Quarterly Reports (FY2020, 1<sup>st</sup> Quarter)

Miss Greta Balmeo indicated that the quarter being reported on, was GHURA's Procurement listing from October 1, 2019 through December 31, 2019. She explained that she divided the purchase order listing by category:

- Service \$336,791.12
- Training \$2,040.00
- Consumable Inventory \$118,378.35
- Utilities \$182,150.35
- Goods \$98,114.74
- Construction \$256,522.00
- Lodging \$7,855.92
- Other \$234.00

Chairman Flores inquired whether the agency used Open Ended purchase orders. Miss Balmeo informed Chairman Flores that GHURA uses Blanket Purchase Agreements (BPA) which makes it easier to track.

Mr. Topasna shared his concern with the board about the way GHURA handled the procurement matters in the past. He assured the board that he, Deputy Director Napoli, and Miss Balmeo are working positively towards making certain that GHURA keeps its Procurement authority.

The Director and the board members applauded Miss Balmeo's hard work and encouraged her to keep up the good work.

## VII. GENERAL DISCUSSION / ANNOUNCEMENTS

1. [021/20] Next proposed scheduled Board Meeting: Friday, February 14<sup>th</sup> @ 12:00 p.m.

There were no objections by the board members to have the meeting on the next scheduled date. Chairman Flores affirmed the next board meeting date.

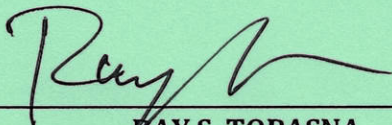

2. [022/20] Wellness Health Screening – January 31, 2020 (9:00 A.M. to 11:30 A.M.)

Ms. Kim Bersamin spoke on the Worksite Wellness Program, which is an ongoing program that promotes a healthy living lifestyle. The focus is on keeping GovGuam employees healthy and producing optimally in the workplace. She said that annually, GHURA hosts the wellness health screening. She invited the board members to join the employees at the Sinajana Mayor's Office on January 31, 2020 from 9-11:30A.M.

**VIII. ADJOURNMENT**

[023/20] With no further discussions, Commissioner Pereda made a motion to adjourn the meeting. Commissioner Leon Guerrero seconded the motion. There were no objections by the other board members. Chairman Flores adjourned the meeting at 12:35 P.M.

Board Secretary / Executive Director

**GUAM HOUSING AND URBAN RENEWAL AUTHORITY  
BOARD OF COMMISSIONERS**

**RESOLUTION NO. FY2020-014**

**Moved by: GEORGE F. PEREDA      Seconded by: SABINO P. FLORES**

**RESOLUTION APPROVING ABOVE-STEP RECRUITMENT FOR THE ARCHITECTURAL AND ENGINEERING (A/E) MANAGER POSITION**

**WHEREAS,** under the-enabling legislation of the Authority, Title 12 §5103 GCA, its Board of Commissioners is empowered “to employ officers, technical experts, agents and employees, permanent and temporary, as it may deem necessary; and shall determine their qualifications, duties, tenure and compensation...”; and

**WHEREAS,** Title 4 of the Guam Code Annotated, “...The appointing authority, or the head of an agency, department or public corporation listed in 4 GCA, §4105(a) may petition the Director of Administration, the Judicial Council (as to Judicial Branch employment) or the agency, department or public corporation’s governing board or commission (as to an agency, department or public corporation listed in 4GCA §4105(a)) for recruitment at a higher step not to exceed Step 10, because of documented difficulty or exceptional qualifications.....”; and

**WHEREAS,** Mr. Sonny P. Perez submitted his request to Executive Management requesting to petition the GHURA Board of Commissioners for an above the minimum step recruitment for the position of A/E Manager based on exceptional qualifications; and

**WHEREAS,** Mr. Perez’s exceptional qualifications for the A/E Manager position consists of the following:

- Over 25+ years of government service in “engineering” experience (University of Guam, DCM Group, and Guam Power Authority).
- Undergraduate degree – Bachelors in Mechanical Engineering, University of Hawaii, conferred 1990.
- Masters Degree – University of Guam – Professional Master of Business Administration (PMBA), conferred 2012.
- Professional Engineer (PE) Certificate – Guam June 1995 – License Number: 1074.
- Professional Engineer (PE) Certificate – Saipan, March 2019 – License Number: 372.
- LEED Green Associate – September 2019.
- With Mr. Perez joining the A/E team, GHURA expects him to improve the level of efficiency and effectiveness of the A/E Division.

**WHEREAS,** Management believes the compensation package of salary and benefits (i.e. retirement, holidays, annual/sick leave, etc.) is competitive with the private sector and respectfully requests an above step recruitment of Mr. Perez, **RM2-9(C)**, \$112,497.00 per annum; \$54.09 p/hr; and

**WHEREAS,** the GHURA Board recognizes it has the discretionary authority to go below or beyond management's recommendations (i.e., **RM2-1(B)**, \$74,083.00 per annum; \$35.62 p/hr through **RM2-10(F)**, \$122,754.00 per annum; \$59.02 p/hr - maximum), but supports management's request for the above-step recruitment; and

**WHEREAS,** funding for this position is available from COCC Funds; and be it further

**RESOLVED,** that in consideration of the applicant's exceptional knowledge, experience and recruitment difficulty, the GHURA Board of Commissioners grants the above-step requirement for:

**Mr. Sonny P. Perez, RM2-9(C), \$112,497.00 per annum; \$54.09 p/hr.**

IN REGULAR BOARD MEETING, SINAJANA, GUAM – JANUARY 24, 2020  
PASSED BY THE FOLLOWING VOTES:
