OFFICE OF COMMUNITY PLANNING
AND DEVELOPMENT
9CD-22307

September 2, 2022

The Honorable Lourdes A. Leon Guerrero
Governor of Guam
P.O. Box 2950
Hagatna, Guam 96932

Dear Governor Leon Guerrero:

**SUBJECT: Annual Community Assessment (ACA) Report
Program Year 2020**

This letter conveys the U.S. Department of Housing and Urban Development's (HUD's) assessment of the Government of Guam's (Guam's) performance for its 2020 Community Planning and Development (CPD) Program Year (October 1, 2020 to September 30, 2021). The report reflects Guam's efforts to ensure compliance with HUD Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) programs. HUD finds that Guam is generally meeting the intent of the CPD programs. However, HUD has concerns over the timely implementation of activities and expenditure of CDBG, HOME, and ESG funds, as described in the ACA.

Recipients of CPD funds need to submit their Consolidated Annual Performance and Evaluation Report (CAPER) in a timely and accurate manner in accordance with 24 CFR 92.520(a) and 91.520(d). Guam submitted its CAPER on July 18, 2022, 291 days after the close of its program year and 201 days after its December 29, 2021 due date.

As part of HUD's annual review, the Department wants to take this opportunity to address the CDBG program timeliness requirements, and the importance it plays in ensuring that the intent of the CDBG program is achieved. HUD CDBG regulations require recipients to carry out their CDBG activities in a timely manner thus ensuring low- and moderate-income persons are assisted. The standard requires insular area grantees to be at a 2.00 CDBG timeliness ratio 60 days prior to the end of their program year. In other words, Guam's CDBG line of credit cannot exceed two times its current year's grant amount. Guam's program year ends September 30 of each year. About August 2nd of each year, or 60 days prior to the end of Guam's program year, Guam must have a CDBG grant ratio of 2.00 or less.

When the 60-day test was conducted on August 2, 2022, Guam was not in compliance with the CDBG timeliness expenditure requirement with a timeliness ratio of 3.18. Guam was also not in compliance with the CDBG timeliness expenditure requirement for the prior two years with a 2.43 CDBG timeliness ratio on August 2, 2020 and a 2.99 CDBG timeliness ratio on August 2, 2021. This placed Guam in noncompliance with the 2.00 CDBG performance standard for insular

areas for three consecutive years. HUD notes that the CDBG timeliness sanctions that HUD would normally enforce on twice untimely CDBG grantees was suspended in years 2020 and 2021 after HUD determined that all CDBG grantees had factors beyond their reasonable control due to COVID-19 that impacted the carrying out CDBG-assisted activities in a timely manner. Since then, HUD has restarted the corrective actions process for untimely expenditure of CDBG funds.

Guam has until its next 60-day test on August 2, 2023 to reach the 2.00 CDBG timeliness standard for insular areas. Failure to meet the standard by that date will require Guam to submit a workout plan. Guam will need to expend and drawdown at least \$6,856,897 before August 2, 2023 to meet the next CDBG timeliness test. Factored into this expenditure target is Guam's Program Year 2022 CDBG allocation which will be under grant agreement before the next timeliness test.

For Program Year 2015 and subsequent year HOME allocations, the HOME program regulations require a HOME PJ to expend all funds in the U.S. Treasury from the specific program year allocation at least seven full business days before the September 30th of the fifth year after the end of the period of availability of the program year allocation for obligation by HUD. Any HOME funds appropriated in federal fiscal year 2015 will not be available for HOME Participating Jurisdictions (PJs) to expend after September 30, 2023. HOME funds remaining in the PJ's Program Year 2015 grant on this date will be recaptured by the United States Treasury, per the National Defense Authorization Act. Guam has not expended and drawn Program Year 2015 HOME funds since May 22, 2020. To meet the HOME program expenditure requirement for Program Year 2015 HOME funds, Guam needs to expend and drawdown \$219,409 in Program Year 2015 HOME funds before September 21, 2023.

ESG funds must be expended within 24 months of the grant award. Guam met its ESG expenditure deadlines by expending Program Year 2018 ESG funds before the October 3, 2020 deadline and Program Year 2019 ESG funds before the October 23, 2021 deadline. To meet the future ESG expenditure deadlines, Guam needs to commit, expend, and drawdown \$245,922.77 in Program Year 2020 ESG funds before April 28, 2023 of which \$239,682 is not committed to an ESG activity and \$258,941.00 in Program Year 2021 ESG funds before October 25, 2023, all of which are not committed to any ESG activity.

HUD established progressive expenditure deadlines to ensure that ESG COVID-19 (ESG-CV) funds are spent quickly on eligible activities to address the public health and economic crisis caused by COVID-19. Guam failed to meet the ESG-CV 20 percent expenditure deadline on September 30, 2021. As a result, HUD recaptured \$158,688 of Guam's ESG-CV grant. Guam improved its performance and met the ESG-CV 50 percent expenditure deadline on June 16, 2022, having drawn down 56.87 percent of its ESG-CV grant funds by the deadline. The final ESG-CV expenditure deadline is September 30, 2023. Guam needs to expend and drawdown its remaining balance of \$1,257,917.89 before September 30, 2023.

The enclosed Annual Community Assessment Report reflects HUD's assessment of Guam's implementation of its CPD programs. It notes Guam's successes and areas needing improvement. Guam will have 30 days from the date of this letter to comment on the report. Should Guam not wish to comment on the report or fail to comment within the above time period,

please consider the report final and make it available to the public using your standard notification process including uploading the ACA report to the Guam Housing and Urban Renewal Authority (GHURA) website, providing a notice in the newspaper identifying the report contents and where it is available for review.

HUD would like to recognize that the GHURA staff responsible for Guam's CPD programs are highly committed to the programs. Their commitment to the program objectives has resulted in Guam ensuring that low- and moderate-income persons have an opportunity to succeed.

Thank you for your efforts in supporting your community's needs. HUD looks forward to a continued partnership with GHURA in serving the needs of its citizens. If you have any questions or need further information or assistance, please contact Rebecca Borja, Senior Community Planning and Development Representative, at 808-457-4673 or Rebecca.C.Borja@hud.gov. If responding in writing to this letter, please provide your response as a PDF document to CPDHonolulu@hud.gov.

Sincerely,

Mark A. Chandler, Director
Office of Community Planning
and Development

(671) 475-1378

Introduction

The Housing and Community Development Act of 1974, as amended, and the National Affordable Housing Act of 1990 require federal grant recipients receiving federal assistance under the Acts to submit an annual performance report disclosing the status of grant activities. Federal regulations at 24 CFR 91.525 require the U.S. Department of Housing and Urban Development (HUD) to determine whether the grant recipient is in compliance with the statutes and has the continuing capacity to implement and administer the programs for which assistance is received. Per 24 CFR 91.525, HUD's comments below and the cover letter above incorporate the Department's assessment of the Government of Guam's (Guam's) Program Year (PY) 2020 performance.

In assessing Guam's performance, HUD relied primarily upon Guam's PY 2020 Consolidated Annual Performance and Evaluation Report (CAPER), technical assistance, on-site and remote monitoring, and communications with the Guam Housing and Urban Renewal Authority (GHURA) staff. During this period, GHURA generally met the intent of its HUD Community Planning and Development (CPD) programs which consists of the Community Development Block Grant (CDBG), CDBG Cares Act funds (CDBG-CV), Home Investment Partnerships (HOME), Emergency Solutions Grant (ESG), and ESG Cares Act funds (ESG-CV) programs. However, HUD has concerns regarding Guam's implementation of its CPD programs.

Significant Performance Conclusions

Overall, Guam has had issues with its management of its CPD programs which consists of the CDBG, HOME, and ESG programs as follows:

- Recipients are required to submit their CAPERs within 90 days after the close of the program year. Guam failed to meet the deadline. Guam submitted its CAPER on July 18, 2022, 291 days after the close of its PY 2020 and 201 days after the deadline of December 29, 2021.
- Guam failed the CDBG timeliness test on August 2, 2022 with a timeliness ratio of 3.18. Guam also missed its official CDBG timeliness test for the two prior years on August 2, 2020 with a timeliness ratio of 2.43 and on August 2, 2021 with a timeliness ratio of 2.99. As a result, Guam was in non-compliance with the 2.00 CDBG performance standard for insular areas for three consecutive years. HUD suspended the CDBG timeliness sanctions that HUD would normally enforce on twice untimely CDBG grantees in the years 2020 and 2021 after determining that all CDBG grantees had factors beyond their reasonable control due to COVID-19 that impacted the carrying out of CDBG-assisted activities in a timely manner. Since then, HUD has restarted the corrective actions process for untimely expenditure of CDBG funds.
- Once more, Guam is in danger of missing its next official CDBG timeliness test on August 2, 2023. Failure to meet the 2.00 CDBG timeliness standard for insular areas by that date will require Guam to submit a workout plan. Guam will need to expend and drawdown at least \$6,856,897 before August 2, 2023 to meet the next CDBG timeliness test. Factored into this expenditure target is Guam's Program Year 2022 CDBG allocation which will be under grant agreement before the next timeliness test. Guam's current CDBG timeliness ratio is 3.63 and includes \$11,437,204.57 line of credit balance and \$12,393.46 balance in program income in the Integrated Disbursement and Information System (IDIS). This does not take into account if Guam has any CDBG program income not receipted in IDIS. CDBG program income cash balances on hand will be calculated in the official timeliness test. Guam's current rate of CDBG expenditures combined with an increase in CDBG program income receipts may negatively impact Guam's ability to meet timeliness requirements. Guam should carefully review its anticipated CDBG program income and expenditures, monitor program income receipts and CDBG draws, and take any necessary steps to increase the CDBG drawdown to meet the timeliness standard.
- For PY 2015 and subsequent year HOME allocations, the HOME program regulations require a HOME PJ to expend all funds in the U.S. Treasury from the specific program year allocation at least seven full business days before the September 30th of the fifth year after the end of the period of availability of the program year allocation for obligation by HUD. This means that any HOME funds appropriated in federal fiscal year 2015 will not be available for HOME Participating Jurisdictions (PJs) to expend after September 30, 2023. Guam is at risk of having its remaining \$219,409 PY 2015 HOME funds recaptured on this date by the United States Treasury, per the National Defense

Authorization Act. To meet the HOME program expenditure requirement for PY 2015 HOME funds, Guam needs to expend and drawdown \$219,409 in PY 2015 HOME funds before September 21, 2023.

- Guam met its ESG expenditure deadlines by expending Program Year 2018 ESG funds before the October 3, 2020 deadline and Program Year 2019 ESG funds before the October 23, 2021 deadline. Guam's PY 2020 and PY 2021 ESG expenditure deadlines will occur in 2023, Guam has committed only seven (7) percent of its PY 2020 ESG funds and has not committed any of its PY 2021 ESG funds. To meet the next ESG expenditure deadlines, Guam needs to commit, expend, and drawdown \$245,922.77 in PY 2020 ESG funds before April 28, 2023 and \$258,941 in PY 2021 ESG funds before October 25, 2023.
- Towards the end of the program year, HUD executed the ESG-CV grant agreement with Guam on September 1, 2020. ESG-CV has progressive expenditure deadlines to ensure that ESG-CV funds are spent quickly on eligible activities to address the public health and economic crisis caused by COVID-19. Guam failed to meet the ESG-CV 20 percent expenditure deadline on September 30, 2021. As a result, HUD recaptured \$158,688 of Guam's ESG-CV grant. Guam improved its performance and met the ESG-CV 50 percent expenditure deadline on June 16, 2022, having drawn down 56.87 percent of its ESG-CV grant funds. The final ESG-CV expenditure deadline is September 30, 2023. Guam needs to expend and drawdown its remaining balance of \$1,257,917.89 before September 30, 2023.

CPD Programs

CDBG

Guam's Consolidated Plan describes the following high priority concerns that will be addressed through the CDBG program: the acquisition, rehabilitation, or construction of structures for use as public facilities and improvements to the public infrastructure in low and moderate income communities; the acquisition, construction, rehabilitation or conversion of structures serving the elderly, persons with disabilities, and victims of abuse including community centers, health centers, sports and recreational facilities, community learning and resources centers, emergency and transitional shelters, substance abuse and residential treatment, drop-in centers, and a safe haven; and public services for special needs populations and for homeless persons and families. Guam received \$3,125,152 in PY 2020 CDBG funds to address community needs for public facilities and improvements, acquisition and rehabilitation of affordable rental housing, and enhance services for homeless persons, special needs persons, and low- and moderate-income individuals and families.

During the program year, Guam expended \$3,892,107.03 in CDBG funds on 20 out of 31 projects active during the period. One hundred percent (100%) of CDBG funds were spent on

activities that benefited low- and moderate-income persons. Guam reported the following CDBG activities completed in PY 2020 in IDIS:

- Rehabilitation of the Sinajana Community Recreational Facility (funded in PYs 2014 and 2017).
- Acquisition and Construction of the Guam Police Department (GPD) Central Precinct Command (funded in 2015 and 2016).
- Consolidated Planning Activities (funded in 2015, 2016 and 2017) that included a housing study to uncover gaps in housing and trends in the housing market and to create Guam's strategy for affordable housing.
- Guam Homeless Coalition Homeless Management Information System (HMIS) (funded in 2017 and 2018).
- The Salvation Army Lighthouse Recovery Center (funded in 2018 and 2019) that provided residential treatment for men recovering from substance abuse.
- The Salvation Army Family Services Center (funded in 2017, 2018, and 2019) that provided services in support of homeless and at-risk homeless receiving rapid rehousing and homeless prevention assistance, emergency shelter and transitional housing.
- Manelu's The Opportunity Initiative (funded in 2017 and 2018) that provided resident services for adults and families with children in GHURA public housing including workplace readiness workshops, workplace mentorships, job placement assistance, and family literacy programs.
- Baseball Park Enhancements in Dededo (funded in 2017).
- Phase I Site Planning and Preparation for Public Facility and Transitional Housing in Dededo (funded in 2017).

During the program year, Guam expended \$93,334.16 in CDBG-CV funds on two projects active during the period. One hundred percent (100%) of CDBG-CV funds were spent on activities that benefited low- and moderate-income persons for public services and emergency housing assistance to prepare, prevent, and respond to COVID-19. Guam reported completing the CDBG-CV Emergency Mortgage Relief Program.

When HUD conducted the CDBG timeliness test on August 2022, Guam had a \$10,030,852.30 balance in its line of credit and \$11,800.19 balance in program income which was 3.18 times its annual grant for CDBG timeliness test. As a result, Guam failed to comply with the 2.00 CDBG timeliness standard for insular areas in accordance with 24 CFR 570.902. Guam was also not in compliance with the CDBG timeliness expenditure requirement for the prior two years with a 2.43 CDBG timeliness ratio on August 2, 2022 and a 2.99 CDBG timeliness ratio on August 2, 2021. This placed Guam in noncompliance with the 2.00 CDBG performance standard for insular areas for three consecutive years. HUD suspended the CDBG timeliness sanctions that HUD would normally enforce on twice untimely CDBG grantees in the years 2020 and 2021 after determining that all CDBG grantees had factors beyond their reasonable control due to COVID-19 that impacted the carrying out of CDBG-assisted activities in a timely manner. In 2022, HUD restarted the corrective actions process for untimely expenditure of CDBG funds.

Guam's next official CDBG timeliness test will take place on August 2, 2023. Guam needs to expend and drawdown a minimum of \$6,856,897 (not including unreceipted program income) in CDBG funds between now and August 2, 2023 to pass the next CDBG timeliness test. CDBG program income cash balances on hand will be calculated in the official timeliness test. Guam's current rate of CDBG expenditures combined with an increase in CDBG program income receipts may negatively impact Guam's ability to meet timeliness requirements. Guam should carefully review its anticipated CDBG program income and expenditures, monitor program income receipts and CDBG draws and take any necessary steps to increase the CDBG drawdown to meet the timeliness standard.

Additionally, Guam has undisbursed CDBG funds at risk of cancelation. Any CDBG funds appropriated in federal fiscal year 2016 will not be available for CDBG grantees to expend after September 30, 2023. CDBG funds remaining in the grantees Program Year 2016 grant on this date will be recaptured by the United States Treasury per the National Defense Authorization Act. To avoid recapture of funds, Guam needs to expend and drawdown \$120,826.30 in Program Year 2016 CDBG funds before September 21, 2023, at least seven full business days before September 30, 2023.

HUD established progressive expenditure deadlines to ensure that CDBG-CV funds are spend quickly on eligible activities to address the public health and economic crisis caused by COVID-19. Guam must expend at least 80 percent of all CDBG-CV funds no later than the end of the third year of the period of performance established by the CDBG-CV grant agreement, which is August 31, 2023. Guam needs to expend and drawdown \$3,327,019.41 before August 31, 2023 to meet the 80 percent expenditure deadline.

Guam has CDBG formula funds from PY 2016 through PY 2020 totaling \$4,455,099.14 in the line of credit that are uncommitted. Guam also has \$3,879,866.91 in CDBG-CV funds in the line of credit that are uncommitted. Guam should evaluate uncommitted funds to ensure that the community is assisted with available resources.

Guam needs to complete the following at-risk activities with no draws for over one (1) year and bring them into national objective compliance: Activity 674 Renovation of 5 Staff Housing at Talofof, and Activity 826 Kurason Ysengsong (2018). Guam needs to complete the following at-risk activity with 80 percent of funds drawn and no accomplishments and bring it into national objective compliance: Activity 858 Homeless Management Information System (2020). Guam also needs to complete the following at-risk activities with no accomplishments after three years and bring them into national objective compliance: Activity 777 Rehabilitation of the Umatac Baseball Field (2016) and Activity 800 Inarajan Basketball Court New Construction (2017). In addition to the above identified at-risk activities, Guam has two slow moving CDBG activities: Activity 809 CDBG Administration (2016) and Activity 833 CDBG Administration (2017), and two slow moving CDBG-CV activities: Activity 837 CDBG-CV Planning and Administration and Activity 840 CDBG-CV Manelu Jobs Program.

Guam needs to closely monitor at-risk and slow-moving activities and ensure that they progress in a timelier manner. As a CDBG grantee, Guam is responsible for oversight of its CDBG activities and subrecipients, this includes monitoring activities and subrecipients for

progress and for compliance with CDBG requirements while an activity is underway and after the activity is completed throughout the national objective period.

In addition to CDBG and CDBG-CV funds, Guam has an existing Section 108 guaranteed loan for which Guam did not report in Guam's PY 2019 CAPER. HUD first executed an agreement with Guam on September 25, 2015 for GHURA to receive \$12,000,000 in CDBG Section 108 loan guaranteed assistance. GHURA was unable to meet the September 30, 2020 deadline to draw down the \$12,000,000 as an advance for an approved project before HUD would cancel the CDBG Section 108 Loan Guarantee. On December 3, 2020, HUD approved Guam's request to reissue the undisbursed, original \$12,000,000 CDBG Section 108 Loan Guarantee commitment on December 3, 2020. Construction of the iLearn Academy Charter School is underway with the main building nearly complete except for a punch list of work that does not conform to contract specifications that the general contractor must complete and construction to begin on the gymnasium. Guam expended \$9,814,000 of its Section 108 loan guaranteed funds. Guam needs to expend the \$2,186,000 balance in CDBG Section 108 Loan Guarantee commitment by December 31, 2022.

HOME

Guam received \$1,063,975.00 in PY 2020 HOME funds allocated funds for acquisition and new construction of homebuyer housing for low-income families. Guam also has remaining prior year HOME funds allocated for homebuyer acquisition and new construction and rehabilitation of affordable rental housing. During the program year, Guam expended \$290,572.99 HOME funds on homebuyer acquisition, new construction, and rehabilitation activities. Guam reported that no housing units were completed in the program year.

Although Guam did not report on-site inspections of HOME funded affordable rental housing in its PY 2020 CAPER, HUD identified rental housing activities for which Guam needs to conduct on-site inspections using IDIS report PR22 Status of HOME Activities. These activities include six (6) completed HOME rental housing activities still within their HOME affordability periods. Guam needs to conduct on-site inspections every three (3) years on rental housing activities during the affordability period.

- Activity 6 Guam Rental Acquisition,
- Activity 10 Catholic Social Service Rental New Construction,
- Activity 11 Guam Rental Acquisition and Rehabilitation,
- Activity 389 Catholic Social Service Caridad Apartments,
- Activity 432 Catholic Social Service Caridad II Apartments, and
- Activity 806 Rehabilitation of Isla Apartments.

From the above listed activities, HUD identified three (3) HOME activities with 10 or more housing units for which Guam is required to conduct annual examinations of the financial viability of the housing.

- Activity 10 Catholic Social Service Rental New Construction,
- Activity 11 Guam Rental Acquisition and Rehabilitation, and
- Activity 806 Rehabilitation of Isla Apartments.

The HOME regulations at 24 CFR 92.504(d) specify these requirements for on-site inspection and financial oversight of rental housing projects during the HOME affordability period. HUD's waiver applicable to ongoing periodic inspections on HOME rental housing in response to the COVID-19 pandemic began April 10, 2020 and ended December 31, 2021. The waiver requires HOME PJs to conduct on-site inspections within 180 days of the end of the waiver period, by June 29, 2022.

Guam needs to provide a list of HOME rental housing projects still within the HOME affordability period, indicate the date when each of the projects was last inspected, provide a summary of issues that were detected during the inspection, provide the date when Guam verified that the deficiencies, if any, were corrected, and describe how Guam remedied the situation of those properties that were not inspected by June 29, 2022.

For PY 2015 and subsequent year HOME allocations, the HOME program regulations require a HOME PJ to expend all funds in the U.S. Treasury from the specific program year allocation before the September 30th of the fifth year after the end of the period of availability of the program year allocation for obligation by HUD. Compliance with this requirement is based on a review of the PJ's allocations and expenditures, as reported in IDIS at the time of its deadline. Due to end-of-year financial system closeouts that begin before this date and prevent electronic access to the payment system, requests to draw down the funds must be made at least seven full business days before this date to ensure that the funds still can be drawn from the United States Treasury account through the computerized disbursement and information system.

This means that any HOME funds appropriated in federal fiscal year 2015 will not be available for HOME Participating Jurisdictions (PJs) to expend after September 30, 2023. To meet the HOME program expenditure requirement for PY 2015 HOME funds, Guam needs to expend and drawdown \$219,409 in PY 2015 HOME funds before September 21, 2023. Any PY 2015 HOME funds remaining after the deadline will be recaptured by the United States Treasury, per the National Defense Authorization Act.

Guam has HOME funds from PY 2015 through PY 2020 totaling \$2,942,309.27 in the line of credit and \$1,110,036.14 in program income that are uncommitted. While the 24-month commitment deadline for HOME funds is currently suspended, HUD expects each PJ to monitor its commitment and expenditure rates to ensure the timely use of HOME program funds. Guam should monitor HUD announcements if HUD should decide not to extend its suspension of the 24-month commitment requirement. In addition, Guam should evaluate uncommitted funds to ensure that the community is assisted with available resources.

Guam has two slow moving HOME funded activities: Activity 818 and Activity 821 Acquisition and Rehabilitation of Single-Family Dwellings for Homebuyers. PJs must complete HOME funded activities within four (4) years of the date of commitment of funds. Any activity not completed within four (4) years of commitment is considered to be terminated, and the PJ must repay all HOME funds invested in the activity.

Guam needs to closely monitor these slow-moving HOME activities and ensure that they progress in a timelier manner. Guam is responsible for oversight of its HOME activities and subrecipients, this includes monitoring activities and subrecipients for progress and for compliance with HOME requirements while an activity is underway and after the activity is completed throughout the affordability period.

ESG

Guam received \$257,722 in ESG funds for PY 2020. During the reporting period, Guam expended \$188,993.78 in ESG funds and carried out activities funding housing assistance to prevent individuals and families who are at risk from becoming homeless and rapid rehousing assistance for individuals and families who are homeless. Guam reported that a total of 76 homeless persons in 39 households received rapid rehousing assistance and a total of 54 persons at-risk for homelessness in 23 households received homeless prevention assistance during the program year.

During the program year, Guam received its second allocation of ESG-CV funds \$2,630,542, which increased Guam's total ESG-CV allocation to \$3,519,238 for street outreach, shelter, homeless prevention, rapid rehousing, and data collection (HMIS) to prepare, prevent, and respond to COVID-19 and mitigate the impacts of COVID-19 among individuals and families who are homeless. After HUD recaptured \$158,688 of Guam's ESG-CV grant failing to meet the ESG-CV 20 percent expenditure deadline on September 30, 2021, Guam's total ESG-CV allocation was reduced to \$3,360,549.55. Guam expended \$177,630.90 in ESG-CV funds during the reporting period. Guam reported that a total of 166 homeless persons in 129 households received street outreach services, 205 homeless persons in 55 households received rapid rehousing assistance, and 74 persons at-risk for homelessness in 22 households received homeless prevention assistance during the program year.

Guam is currently in noncompliance with the 10 percent administrative cap on ESG-CV funds. Guam committed 10.43 percent (\$350,642.91) in ESG-CV funds for administration. Guam is exceeding the maximum amount of ESG-CV funds that may be committed to administration by \$14,587.92. HUD notes that Guam has expended and drawn down \$69,789.08 in ESG-CV funds for administrative costs, which is below the administrative cap. To address this deficiency, Guam needs to reprogram \$14,587.92 from administration, reduce the total amount of ESG-CV funds committed to administration to \$336,054.96, and reallocate the \$14,587.92 to other ESG-CV program components and eligible activities.

ESG funds must be expended within 24 months of the grant award. Guam met its ESG expenditure deadlines by expending Program Year 2018 ESG funds before the October 3, 2020

deadline and Program Year 2019 ESG funds before the October 23, 2021 deadline. Guam's PY 2020 and PY 2021 ESG expenditure deadlines will occur in 2023, Guam has committed only seven (7) percent of its PY 2020 ESG funds and has not committed any of its PY 2021 ESG funds. To meet the next ESG expenditure deadlines, Guam needs to commit, expend, and drawdown \$245,922.77 in PY 2020 ESG funds before April 28, 2023 of which \$239,682 is not committed to any ESG activity. Guam also needs to commit, expend, and drawdown \$258,941.00 in PY 2021 ESG funds before October 25, 2023 all of which is not committed to any ESG activity.

To ensure that ESG-CV funds are spent quickly on eligible activities to address the public health and economic crises caused by COVID-19, HUD established progressive expenditure deadlines. Guam failed to meet the ESG-CV 20 percent expenditure deadline on September 30, 2021. Guam improved its performance and met the ESG-CV 50 percent expenditure deadline on June 16, 2022, having drawn down 56.87 percent of its ESG-CV grant funds by the deadline. The final ESG-CV expenditure deadline is September 30, 2023. Guam needs to expend and drawdown its remaining ESG-CV of \$1,257,917.89 before September 30, 2023.

Continuum of Care

During PY 2020, GHURA was the collaborative applicant for the Guam Continuum of Care (CoC) known as the Guam Homeless Coalition and the recipient of CoC grant funds. The Guam CoC was awarded \$1,401,727 in CoC funds for three (3) joint transitional housing and permanent housing rapid rehousing projects, two (2) permanent supportive housing projects, one (1) coordinated entry system project, one (1) HMIS, and one (1) CoC planning project.

In addition to administering the CoC grants, GHURA works in partnership with the Guam Homeless Coalition member organizations to address the housing and service needs of Guam's homeless. During the program year, the Guam Homeless Coalition collaborated with the Guam Regional Transit Authority on the Ayuda Shuttle to provide homeless persons with transportation to appointments, grocery shopping, training, and employment. GHURA and Guam Homeless Coalition member organizations participated planning councils, working groups and collaborative efforts to address veteran homelessness, family homelessness, homeless individuals with disabilities, and survivors of domestic violence.

HUD encourages GHURA to continue its work with government agencies, nonprofit organizations, and the Guam Homeless Coalition in their shared goal to more comprehensively integrate a system of housing and services to assist individuals and families who are homeless. HUD wishes GHURA and its partners continued success in implementing actions to end homelessness.

Community Empowerment

As part of its Consolidated Plan, Guam developed a Citizen Participation Plan. The Plan is intended to develop ways to involve the public in the development of the Consolidated

Plan/Action Plan. Opportunities were provided for citizen participation in the development of the Plan and performance report. Guam reported that no oral or written comments were received. HUD encourages Guam to continue its efforts to foster public participation and encourages Guam to explore additional opportunities to involve the public in its planning process.

Management of Funds

Guam is in danger of missing its next official CDBG timeliness test will take place on August 2, 2023. Guam's current CDBG timeliness ratio is 3.18. Guam's timeliness ratio includes \$10,030,852.30 line of credit balance and \$11,800.19 program income balance in IDIS. Guam's current 3.18 ratio does not take into account if Guam has any CDBG program income not receipted in IDIS. CDBG program income cash balances on hand will be calculated in the official timeliness test. Guam needs to expend and drawdown a minimum of \$6,856,897 (not including unreceipted program income) in CDBG funds between now and August 2, 2023 to pass the next CDBG timeliness test.

Additionally, Guam has undisbursed CDBG funds at risk of cancelation. Any CDBG funds appropriated in federal fiscal year 2016 will not be available for CDBG grantees to expend after September 30, 2023. To avoid recapture of funds, Guam needs to expend and drawdown \$120,826.30 in Program Year 2016 CDBG funds before September 21, 2023, at least seven full business days before September 30, 2023.

To meet the CDBG-CV 80 percent expenditure deadline, Guam needs to expend and drawdown \$3,327,019.41 before August 31, 2023.

To meet Guam's approaching HOME program expenditure requirement for PY 2015 HOME funds which occurs on September 30, 2023, Guam needs to expend and drawdown \$219,409 in PY 2015 HOME funds before September 21, 2023. These funds, if not expended by the deadline, will be deobligated.

To meet the next ESG expenditure deadlines, Guam needs to commit, expend, and drawdown \$245,922.77 in PY 2020 ESG funds before April 28, 2023 and \$258,941.00 in PY 2021 ESG funds before October 25, 2023.

To meet the final expenditure deadline for ESG-CV funds, Guam needs to expend and drawdown its remaining ESG-CV funds of \$1,257,917.89 before September 30, 2023.

Should the Guam fail to meet the timeliness standards on each of the CPD funds, the Guam may have its grants reduced.

In addition to timeliness issues, Guam is also in noncompliance with the 10 percent administrative cap on ESG-CV funds. Guam committed 10.43 percent (\$350,642.91) in ESG-CV funds for administration. Guam is exceeding the maximum amount of ESG-CV funds that may be committed to administration by \$14,587.92. To address this deficiency, Guam needs to

reprogram \$14,587.92 from administration, reduce the total amount of ESG-CV funds committed to administration to \$336,054.96, and reallocate the \$14,587.92 to other ESG-CV program components and eligible activities.

Areas for Improvement and Recommendations

In addition to the addressing the areas for improvement and recommendations included in the respective program sections above, Guam should also take the following actions:

- Guam should review the ACA, as well as regularly download the reports available in IDIS and the HUD Exchange, <https://www.hudexchange.info/grantees/reports/#view-all-reports> for data and resources to effectively manage its programs, to improve CPD program compliance, and to ensure timely expenditure of grant funds.
- Guam should also strengthen its standards and procedures used to monitor activities and used to ensure long-term compliance with requirements of all CPD programs. This should include all CPD funds received: CDBG (including Section 108), CDBG-CV, HOME, ESG, and ESG-CV.

Fair Housing & Equal Opportunity

The CAPER was forwarded to Mr. Jelani Madaraka, Lead Equal Opportunity Specialist, HUD Honolulu Field Office, to review for compliance with Fair Housing and Equal Opportunity requirements. Mr. Madaraka will forward any comments or questions he may have separately. Guam is reminded that as a requirement for receiving HUD funds, it has certified that it will take affirmative steps to further fair housing by taking actions to overcome the impediments identified in the Guam's Analysis of Impediments document.

Conclusion

HUD has determined that although Guam is generally meeting the intent of the CPD programs, there are serious concerns over the timely implementation of activities and expenditure of CDBG, HOME, and ESG funds.

Overall, Guam is addressing community needs by implementing a Consolidated Plan with a vision for the future through its Action Plan. As a result, Guam has assisted many communities low- and moderate-income communities, especially low- and moderate-income individuals. HUD encourages Guam to continue its support of various housing and community development programs and wants to recognize the GHURA staff for their dedication to the CPD programs. HUD will continue to work with the Guam to improve the efficiency and effective administration of CPD programs.

Consolidated Annual Performance and Evaluation Report

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

For this reporting period Guam's priority had shifted leading up the start of the program year (October 2020). Seven months into the Global Pandemic, the community focused all/prioritized efforts to address, respond to and prepare for Coronavirus on Guam.

In this reporting for the first time Guam was not able to meet the ratio for expenditures on its entitlement funds. Guam developed a CDBG Workout Plan to assist in addressing its timeliness and identify factors that contribute to its status of the expenditures for the previous year funding. Some of these factors that contributed to this status include prior H2B construction labor issues, government permitting process timeliness, and Coronavirus.

In this same period, Guam received CARES Act funds to prepare for, respond to Coronavirus in addition to regular entitlement CDBG/HOME/ESG funds.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Despite Guam’s AAP and CDBG Workout Plan, GHURA’s unwavering efforts to progress toward each program goal, this PY2020 CAPER will demonstrate the defaults in timeliness considering all factors having to deal with Coronavirus in addition to all prior circumstances beyond

Guam's control.

During this program year 2020 Guam received entitlement funds of 3125152.00 for CDBG, 1063975.00 for HOME, and 257722.00 for ESG program activities. In addition to the PY2020 entitlement funds and funds carried over from previous years program income Guam also received 7972648.00 in CARES Act funds through GHURA.

During this reporting period Guam identified activities outlined in its first year of its 5-year consolidated plan 2020-2024 (PY2020) which supported the goals of (1) expanding affordable housing, (2) improve and expand community facilities and improvements, (3) expand and provide services to homeless and non-homeless, (4) improve and expand economic opportunities and (5) planning and administration. In addition to these goals revisions in Guam's PY2019 Annual Action plan to include (6) community enhancement, which is identified for activities to prepare, plan and respond to Coronavirus.

Guam's priority focused on the response to the community needs in addressing activities responding to CoronaVirus. The subrecipient The Salvation Army, the Food Pantry was able to provide food to 7,052 individuals during the reporting period. The subrecipient Manelu provided services to 55 individuals. Services included workforce development workshops, assisting clients with job searches and job applications, and community outreach.

While addressing community response to CoronaVirus, Guam maintained steady progress toward its goals outlined for the program year entitlement funds. For this period, site selection and environmental process were addressed for both the proposed activities; Eastern-Sub Station and Acquisition of Affordable Rental Units. These projects along with the public services were able to complete (or be in final review stages) for sub recipient agreement at the end of this reporting period. Guam was able to complete administrative close out and accomplishment reporting for various ESG/CDBG activities in IDIS over previous years during this period, these same reporting data included in the annual Sage reporting.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG	HOME	ESG	HTF
White	4	0	2	0
Black or African American	0	0	0	0
Asian	41	10	5	0
American Indian or American Native	0	0	0	0
Native Hawaiian or Other Pacific Islander	246	0	69	0
Total	291	10	76	0
Hispanic	0	0	0	0
Not Hispanic	291	10	0	0

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

Above in Table 2 describes families assisted including the racial and ethnic status of families assisted with Guam's entitlement funds during the program year 2020 (October 1, 2020 - September 30, 2021). During the same program year Guam received its first allocation of CARES Act funds at a total of \$1,785,801.00. The funds were used to prepare and respond to the community needs for CoronaVirus. Catholic Social Services received \$57,423.00; during the period the sub recipient worked through the programmatic aspect for Project Na Fan Safo. The Salvation Army received \$153,000.00; for this period the subrecipient has been able to provide food to 7,052 individuals during the time period. Of the recipients, (40) White, (20) Black African American, (3142) Asian, (7) American Indian/Alaska Native, (3843) Native Hawaiian/ Other Pacific Islander. Guam Housing Corporation received \$714,000.00; during the period the sub recipient worked through the programmatic aspect for the Mortgage Relief Program. Manelu received \$64,084.00 for its Employment Empowerment Initiative Program, the subrecipient provided services to 55 individuals, of these (55) were Native Hawaiian/Other Pacific Islander this EEI Program the services included workforce development workshops, assisting clients with job searches and job applications, and community outreach.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	4,280,419	1,404,107
HOME	public - federal	2,373,975	290,711
ESG	public - federal	257,722	181,994
HTF	public - federal	0	

Table 3 - Resources Made Available

Narrative

Table 3 illustrates Guam's PY2020 entitlement funds for this program year reporting. The Program Year 2020 began as Guam remained in a continued state of emergency, working through COVID19 restrictions with limited operations, social distancing and other safeguards to stop the spread of COVID19. The local restrictions and limited community movement to economically operate set the precedent for Guam's projected activities and expenditures for all HUD CDBG, ESG and HOME funded activities. During this reporting period Guam continued to work through its work-out plan expenditures issues while adjusting to the COVID19 restrictions. Despite adjustments and monitoring, monthly progressive expenditure draws were minimal against the proposed plans. In addition to expanding regular CDBG, ESG, and HOME funds, Guam also executed plans to receive and plan for the CARES Act to prevent, prepare for and respond to CoronaVirus. This adversely affected Guam's targeted expenditures on all other regular programs.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description

Table 4 – Identify the geographic distribution and location of investments

Narrative

Guam identifies specific projects/activities based on community need in-line with its goals outlined in the Consolidated Plan and its respective Annual Action Plan for the program year.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

HUD funds leverage local resources to develop projects quite often by identifying available public land within Guam’s inventory. Land is a particularly useful and scarce resource, one which enables HUD funds to be focused on the construction of facilities at considerable savings to project costs. Land identified for development is also indicative of local commitment to a project. During this reporting period, the Government of Guam, the Guam Police Department and the Mayor of Talofofo identified land for a public facilities project which will construct a new facility for the Guam Police Department, an Eastern Sub-Station. This is a public facility that will improve (shorten) response time to the communities served by the Southern Police Precinct. This project will improve access to law enforcement by persons in low-and moderate-income communities. Villages located in the beat area for this facility includes Asan, Piti, Agat, Umatac, Merizo, Inarajan, and Talofofo. Future funds for Phase II will be identified to construct the sub-station. An estimated 12,988 individuals live within the service area of this facility. Over 51% of the service area is populated by persons at or below 80% of area median income. HOME and ESG match requirements do not apply to Guam.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	0
2. Match contributed during current Federal fiscal year	0

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	4	0
Number of Non-Homeless households to be provided affordable housing units	85	0
Number of Special-Needs households to be provided affordable housing units	0	0
Total	89	0

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	72	0
Number of households supported through The Production of New Units	8	0
Number of households supported through Rehab of Existing Units	10	0
Number of households supported through Acquisition of Existing Units	0	0
Total	90	0

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Guam's goals for the first year of CONPLAN 2020-2024 included sustaining affordable housing stock by constructing homes to be sold to eligible low and moderate income individuals and families and to acquire and rehab existing stock also to be sold to income eligible buyers. No units were completed in this 2020 program year. Development and construction slowdowns have broadly impacted the island's ability to keep up with the need for affordable housing. Labor issues and long time lags to permitting approval processes within the local government have been two key impediments to

moving forward. These issues have grown more pronounced over the years but came to a head during the pandemic. In the pursuit of affordable rental housing, Guam has largely supported the development of low income tax credit funded projects. At the end of this program year Guam was still in process of site selection for this acquisition of affordable rental through the use of its CDBG program year funds. The construction industry continues to struggle as the lingering repercussions of reduced access to a non H2B workforce, increased materials costs following the year of closure or responding to CoronaVirus, and reduced availability of materials. Along with the rest of the nation Guam sought to prioritize its efforts to prepare to respond to and prevent CoronaVirus. These efforts would include identifying locations for immediate Homeless Shelter in addition to maintaining Guam’s proposed activities to support target demographic populations as a result of CoronaVirus.

Discuss how these outcomes will impact future annual action plans.

The need for affordable housing remains a goal. The outcomes to produce additional inventory to replace units lost either to time or to market movement (to be marketed at prices not attainable by a low or moderate income buyer or renter) will also remain. Guam must pursue other means to meet the need to provide affordable housing. The Guam government (through the Office of the Governor) has formed a task force to review the impediment to development and construction stemming from the time consuming permitting process. Actions during this period further justified Guam's plans to address affordable housing and rental. Guam will continue to pursue its plans to address these needs along with actions to address public safety. The last reporting period has resulted in increased costs of construction - whether continued or new, in addition to limited or lack of materials to timely execute schedules on construction projects. The outcomes resulting from this program year period have placed grave pressure on proper planning and execution to ensure all community needs are met and activity expenditures are timely.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual	HTF Actual
Extremely Low-income	0	0	0
Low-income	0	0

Table 13 – Number of Households Served

Narrative Information

Guam funded the Family Services Center using CDBG funds. For this program year, Guam was unable to assist new households below 60% area median through the HOME Program, this stated focus on

supportive services to address needs of those homeowners affected by CoronaVirus and ensuring homeowner assistance was provided through CARES Act project activities.

SUBMITTED

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The CoC member organizations adopt the "No Wrong Door" policy whereas service providers make every effort to assess homeless persons to determine appropriate programs based on their needs. Aside from the CoC's Homeless Outreach Team (HOT) various organizations conduct outreach activities to engage unsheltered individuals and use the VI SPDAT tool to identify and prioritize individuals/families for housing assistance as well as support services. The Coordinated Entry System is utilized by staff for assessments to determine the appropriate program and eligibility criteria. Staff upon assessment do referrals of persons determined eligible for Emergency Solutions Grant (ESG) Rapid Rehousing Housing (RRH) Emergency Housing Voucher and CoC funded programs. If a person has a disability, referrals are done to appropriate programs that provide housing to persons with disabilities. Chronic homeless individuals/Persons with disabilities, elderly and frail, families with children are prioritized for placement. The goal is rapid placement of households with long term of homelessness. Guam's efforts continue to link shelters to ESG RRH programs while also encouraging CoC funded programs to practice the Housing First approach. This approach is a model of housing assistance that prioritizes rapid placement and stabilization in permanent housing without service participation requirements. However, comprehensive support services are provided and program participants are encouraged to participate in various activities.

Addressing the emergency shelter and transitional housing needs of homeless persons

To address the needs of homeless persons in the emergency shelter they are assisted to enroll in mainstream services, secure appropriate ID and links to employment, training or education such as ESL for compact migrants who has limited English proficiency. For individuals who may have a permanent disability or who are elderly over 65 years, mainstream cash assistance remains the only source of non employment income if the person is not eligible for social security disability benefits or annuity. These individuals are encouraged to also apply for SNAP benefits to supplement their financial resources. Persons in emergency shelters or transitional housing are assisted to apply for ESG RRH or are referred to permanent housing program, public housing and/or Housing Choice Voucher (HCV) program. GHURA, the PHA and collaborative applicant for CoC programs sees to it that participants from ESG RRH and Transitional Housing are assisted to apply for public housing or HCV as well as HUD VASH as soon as they are admitted in emergency shelter or are in temporary housing. The local CoC, Guam Homeless Coalition partnered with Guam Regional Transit Authority to provide transportation services to persons experiencing homelessness. The Ayuda Shuttle enables homeless persons to go to their appointments,

do grocery shopping, and attend training.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

To help low income and extremely low-income persons to become homeless, those who are employed are supported to retain employment by providing other support services. If housing is subsidized and stable, the individual is connected to mainstream benefits to supplement their income if eligible. Some service providers assist clients to attend job fairs to obtain jobs, in addition to direct job search. The labor department has also redesigned skill training opportunities through apprenticeships that would solidify an individual's skills and increase employment marketability. The community college has also implemented a 'boot camp' for the trades and is focused on those unemployed with no skills. The boot camp provides an introduction to various trades with the goal of identifying a specific trade to pursue further through training and apprenticeship. Support services and case management that are provided to RRH are customized for the families. This could include counseling, jobs assistance and household budgeting. Case workers develop an individualized service plan that will best assist the family achieve self-sufficiency upon existing government assistance programs. Case workers may include other service providers in the case management of the client, including school social workers, to ensure needs to school-age children in the household are enrolled and their needs are addressed.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The local CoC increased the rate that homeless persons residing in emergency shelter (ES), transitional housing (TH), and rapid rehousing (RRH) transition to permanent housing destinations by providing case management to help families locate/secure housing and to address barriers to maintain housing. Homeless persons with disabilities who need longer support from mental health and substance abuse service providers will be referred to PSH programs. For persons on track to obtain the necessary resources to sustain housing on their own, the CoC will refer to the ESG RRH. For those who lack the necessary resources to sustain housing on their own, the CoC will work towards placement in subsidized housing such as EHV, Section 8 or public housing. The program participants are also assisted to obtain benefits - SNAP, SSDI, etc. Program participants are provided training and guidance to maintain housing

stability and assessments are done periodically to evaluate their progress.

The CoC will increase the rate that homeless persons in permanent housing projects retain their permanent housing or exit to permanent housing destinations by ensuring that PSH participants continue to receive supportive services. Rapid response teams are deployed to address housing disruptions such as those who are experiencing relapses. Program staff also work closely with landlords to avert evictions. Projects work to eliminate barriers to housing stability by linking participants to job training/placement or application for SSDI. If termination is inevitable, projects will exhaust all options for permanent housing placement.

SUBMITTED

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

During the reporting period, Guam was still under a Public Health Emergency and most activities were permitted to operate with moderate restrictions. In May 2021, Public Housing employees participated in Uniformed Physical Conditions Standard Certification Training conducted by experts in the subject matter, NanMckay, respectively. Building Maintenance Supervisors, Property Site Managers, and other members of the Executive team also participated in Project-Based Maintenance and Management Training Certifications also conducted by NanMckay. These certifications prepare Public Housing personnel with the skills and knowledge necessary to perform their duties and ensure that Public Housing programs remain compliant with HUD's standards and policies. Residents of the Public Housing programs benefit when PH staff are well trained as they will receive services from knowledgeable administrative staff dealing with their continued program participation and skilled maintenance workers who make repairs in their homes. Also in May, nine Public Housing employees graduated from the Guam Community College Apprentice Program. The Apprentices received certifications in Building Maintenance and Administrative education. GHURA's participation in the Apprenticeship Program is aimed at investing in the education and training of its employees. The employees will in turn provide professional quality workmanship and sound guidance to its Public Housing residents. In July 2021, the local eviction moratorium was lifted on the 1st while the federal CDC moratorium was lifted on the 31st. GHURA's Public Housing Management team worked closely with Public Housing residents to link them with local programs available to assist them with paying delinquent rent and utilities. GHURA staff connected with Guam's Department of Administration who oversees the Emergency Rental Assistance Program (ERAP) to ensure Public Housing families' avail of the funding, which in most cases, prevented families from facing evictions and homelessness. In August 2021, GHURA Public Housing programs used some of its CARES funds to provide Public Housing Program residents with Personal Protective Equipment. The purpose of this planned distribution was to ensure the safety and wellbeing of the Public Housing staff and families while the PH maintenance crews prepared for the safe reopening of a full 100% operations on August 2, 2021. With the PH maintenance staff expected to resume unit repairs that were deferred during the pandemic, it was important for PH management to adequately provide the families with PPEs and ensure a smooth transition to the reopening.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

For this reporting period, actions were limited due to GUAM's effort to prevent, prepare and respond to CoronaVirus. Guam still remained in a public health emergency status for 336 days; the last 29 days of this period allowed for 100% operations to re-open or be restored with social distancing and other safety precautions to respond to or prevent CoronaVirus.

Actions taken to provide assistance to troubled PHAs

Not Applicable.

SUBMITTED

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Guam continues to work in concert with the CoC and others to assist those individuals experiencing homelessness to obtain Guam identification cards for those who are certified homeless. During this program year, Guam's plans were set to address the availability of Affordable Rental Housing. These efforts come off the previous year's efforts of completing an Analysis of Impediments to Fair Housing Choice and the adjustments made to Guam's position on Fair Market Rents. During this reporting period, Guam set a course for action to Acquire more affordable rental properties for low/moderate income these actions are still ongoing at the end of this reporting period.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

In the program year, the CoC continued to support programs that serve victims of domestic violence, and the Housing First program, which prioritizes chronically homeless individuals with disabilities. CDBG's Public Services programs assisted the following underserved populations: The Lighthouse Recovery Center provided treatment to men in recovery from substance abuse; the Family Services Center provided homeless prevention and rapid rehousing, emergency and transitional housing; the Homeless Management Information System captured important data of persons served through various homeless programs; Manelu provided work readiness and family enrichment programs; and GALA provided youth empowerment programs. Although plans in place continuously supported GUAM's proposed projects, efforts continued toward goals identified in GUAM's Annual Action Plan.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

GHURA continues to exercise LBP procedures. All procedures are in place once a site has determined the presence of LBP. All work involving the abatement or encapsulation is contracted by hazard waste contractor, as Lead based paint (LBP) shall be removed and disposed of in accordance to 40 CFR Part 745.227. As such, disturbance/demolition/disposal of these work items. All construction debris must be performed in accordance with the OSHA lead standard for construction (29 CFR 1926.62) and US EPA hazardous waste regulations (40 CFR Parts 242 282). The OSHA lead standard includes requirements for worker training, medical surveillance, air monitoring, personal protective equipment, and hygiene facilities.

In addition, any waste generated from the disturbance of these surfaces may be regulated by the EPA as hazardous waste. It is recommended that a representative sample of the waste be analyzed for proper hazardous (or non hazardous) characterization. If the waste stream is deemed hazardous, it must be disposed of at an EPA approved site. If the waste stream is found nonhazardous, it can be

disposed of as construction debris. The contractor provides certification of LBP material disposal to GHURA. Closeout documents for LBP certification requirements are required. The contractor shall hire an independent third party inspector to determine the presence (or absence) LBP and ensure the work is completed and free from LBP contamination. The independent third party inspector shall be EPA certified and licensed to conduct such activities pursuant of 40 CFR Part 745.227.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The number of persons and families living in poverty on Guam remains a concern to the government and the community. Resources and actions taken by Guam to address poverty included committing funds to local organizations that provided direct and indirect assistance to low and extremely low income families and special needs populations (including victims of domestic violence, adults with disabilities, and the homeless.) Services include housing related assistance, case management and supportive services, job training and education, and other services. Guam also shares guidance and strategic direction to working groups and collaborative efforts who address veteran homelessness and homeless families. Guam works in conjunction with community partners to address the goals of poverty reduction as stated in the current ConPlan.

To achieve the stated goals, Guam has undertaken and continues efforts for the following activities during the operating period by assisting low and moderate income individuals through the creation suitable living environments through the following:

1. Acquisition of Affordable Rental for Guam's low-moderate income population and the ongoing Construction of the Salvation Army's Residential Treatment Center for Women in recovery whereby 51% of clients are income eligible as well as residential substance abuse treatment for men through the Lighthouse Recovery Center and outpatient services for both men and women including their families;
2. Jobs assistance and family enrichment programs offered through Manelu through the development of Workforce development assistance for youth and families, adult workplace mentorship and family literacy programs for youth and adults through Workplace Readiness Workshops, Family Literacy program and Job Placement Assistance.
3. Homeless prevention and rapid rehousing rental and utilities assistance are offered through the Salvation Army's Family Services Center;
4. Support organizations that aim to reduce and end homelessness: Provide housing and supportive services for chronically homeless, survivors of domestic violence and their children, and homeless individuals with disabilities. The following organizations provided such services: Guam Behavioral Health and Wellness Center's Guma Hinemlo, Catholic Social Services Y'Jahame Permanent

Housing Program and Gai Animas program for DV survivors, GHURA's Housing First Rental Assistance Program provide housing for chronic homeless and their families, Guma Mami's Project Inayek to assist homeless adults with disabilities who are victims of DV, and Sanctuary Inc., Guma Manhoben that provides transitional rapid rehousing and permanent housing to youth ages 16 to 24 including support services.

5. Guam also provides guidance and strategic direction to working groups such as WestCare Pacific Island SSVF and collaborative efforts to address veteran homelessness and their families. GHURA HCVP administers the HUD VASH project in coordination with Guam's US Veterans Affairs Office.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Guam's efforts to develop institutional structure with respect to affordable housing and homeless issues include membership in planning councils and various working groups. Specifically, Guam assists veteran groups to end homelessness, homeless individuals with disabilities, and survivors of domestic violence. Guam also participates in strategic planning of the CoC and assists with their annual gap analysis. Guam's CPD Division provides technical assistance training to CDBG, ESG and HOME subrecipients and prospective subrecipients, as well as to prospective applicants for LIHTC and the Section 108 programs.

Internally, the agency dedicates resources to enhancing the skills of its staff through ongoing professional development and training.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Guam continues to collaborate regularly with public and private entities to better address housing and community development initiatives. Organizations and institutions involved include the following: Catholic Social Services, Core Tech., Dept. of Public Health and Social Services, Guam Alternative Lifestyle Association, Guam Behavioral Health and Wellness Center, Dept. of Revenue and Taxation, Guam Legal Services Corp. – Disability Law Center, Guam Dept. of Parks and Recreation, Guam Police Department, Mayor's Council of Guam, Guam Mami, Micronesia Community Development Corp. (MCDC), Manelu, Micronesian Resource Center, Sanctuary Guam Inc., The Salvation Army, University of Guam, US Dept of Veterans Affairs, Victim Advocates Reaching Out and Westcare Pacific Island. CoC has other programs where eligibility isn't based on being a victim of domestic violence or sexual assault; for instance, Guma Manhoben that serves youth or Y Jahame that serves individuals/families with priority given to those with the longest histories of homelessness.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Guam continues to address impediments to fair housing, lack of information and understanding of fair housing regulations. Despite COVID19 and restrictions to social distancing, Guam continues to address this as Guam's Fair Housing Coordinator provides guidance, information and education to individuals seeking assistance with Fair Housing Issues. During this reporting period no formal complaints were filed with the Fair Housing Coordinator/Guam. Continuing from the last reporting period, Due to COVID19 and Social Distance Guidance, all community wide training had continued to be suspended.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Guam adheres to its Citizen Participation Plan which outlines the process for citizens to participate and comment on reports. During the reporting year, Guam had no substantial amendments to its Citizen Participation Plan. Public Notice for this CAPER is scheduled for MAY 14, 2022 & MAY 30, 2022. This section will be revised to include comments following the comment period. (5.12.2022)

Rev. (6.18.2022) No public comments were received following GHURA's Citizen Participation Plan which included the above noted publications and public briefing.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

During the reporting year, Guam continued to experience setbacks and delays and operate under limited means due to COVID19. October 2020, Guam remained in a heightened state of Public Health Emergency (PHE) and health and safety measures for the island continued to be in place in order to operate. Due to the Global pandemic effects on Guam, during this reporting period, the halts and restrictive operations for the island's economy and construction continued on into this reporting period, still affecting PFI projects and their timelines and projections remained slowed. Guam continued driving proposed PFI projects forward, working through the new restrictions addressing safety and the ongoing PHE. Many of the Public Service Activities experienced the same halts to activities due to the shutdown well through September 2021. GHURA has been working with those subgrantees to address unspent funds due to the PHE and inability to administer programs and new COVID programs.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

Guam's HOME program implemented affirmative marketing actions through partnerships with other local housing entities for this period, focused on CARE Act Funds-approved activities to prepare, prevent and respond to CoronaVirus. HOME's program year entitlement efforts were aimed at assisting homeowners affected by CoronaVirus.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

Approximately \$179,412.30 in HOME program income (PI/PA) was expended during this program year.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

Guam continues to foster and maintain affordable housing through acquisition under a first time homebuye/r program and by providing an affordable rental program. For this reporting period Guam remained stagnant due to the COVID19 Pandemic. Continuing from previous years efforts Guam continued to monitor and interview its 31 mortgagors to assess COVID effect if any, extending the national moratorium for all mortgagors and assist in any deferment possible due to hardships. Guam continued constant oversight via email and provided notices to follow up or relay any new information. Guam did the same for 5 renters in the Renaissance program. For the Homebuyer Program, Acquisition and Rehabilitation or New Construction aimed to target two acquisitions to promote the first time homebuyer program, Renewal Affordable Homes Program. Additionally two closings under this program for families who are under a lease with option to purchase. For affordable Rental, HOME maintained its Renaissance Affordable Rental Program where in this reporting period, Guam provided affordable rental units to 2 eligible families and the Isla Apartments a 14 unit apartment complex to further support affordable rental. These HOME Rental programs are operated in partnership

with Catholic Social Service.

Guam LIHTC activity during the latter part of 2020 remained stagnant due to the ongoing effects of the COVID19 Pandemic, however, 2021 proved more promising. The 2021 LIHTC Qualified Allocation Plan (QAP) and Application process were initiated at the beginning of the year and \$6.6M in tax credits were made available to applicants that could provide affordable units based on the criteria set forth in the QAP. By July 2021, there had been two projects submitted, Summer Breeze I and Summer Vista I. Evaluations were being conducted by the time September 2021 came around. In addition, Ironwood Villa Del Mar Phase II finished construction that same month. Results of the 2021 application cycle were not available until the end of 2021.

11. Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

The CoC continues to work closely with the ESG recipient on planning and allocation of funds for all program activities. This included how funds are allocated between rapid rehousing and homeless prevention, which is based on community needs, gaps assessment and collaboration with other agencies. Guam refers to the CoC using the coordinated Entry System, including the Point in Time Count, ESG Subrecipients submit the data to include in the Annual Action Plan activities and strategic planning. The CoC and ESG subrecipient continues its practice of conducting qualitative assessments on a quarterly basis for available resources, client needs, and all housing barriers. This continues to allow the program outcomes to be shared for future programs and analyze the information necessary to address changes and or progress.

SUBMITTED

ESG CAPER Report [FY 2022]

System

Date Range: 10/01/2020 thru 09/30/2021

As of 10/1/2017, HUD ESG grantees are now required to submit ESG CAPER through the Sage HMIS Reporting Repository. You can find instructions for generating the report and submitting to Sage at the Clarity Help Center.

Q4a. Project Identifiers in HMIS

Organization Name	Organization ID	Project Name	Project ID	HMIS Project Type	Method for Tracking ES	Affiliated with a residential project	Project IDs of affiliations	CoC Number	Geocode	Victim Service Provider
The Salvation Army	37	Emergency Solutions Grant (Rapid Rehousing)	39	13				GU-500	660001	0

Q5a. Report Validations Table	
Program Applicability: All Projects	
Total number of persons served	76
Number of adults (age 18 or over)	58
Number of children (under age 18)	18
Number of persons with unknown age	0
Number of leavers	63
Number of adult leavers	51
Number of adult and head of household leavers	51
Number of stayers	13
Number of adult stayers	7
Number of veterans	1
Number of chronically homeless persons	5
Number of youth under age 25	2
Number of parenting youth under age 25 with children	2
Number of adult heads of household	39
Number of child and unknown-age heads of household	0
Heads of households and adult stayers in the project 365 days or more	0

Q6a. Data Quality: Personally Identifiable Information					
Program Applicability: All Projects					
Data Element	Client Doesn't Know/Refused	Information Missing	Data Issues	Total	% of Error Rate
Name (3.01)	0	0	0	0	0.00%
Social Security Number (3.02)	2	5	0	7	9.21%
Date of Birth (3.03)	0	0	0	0	0.00%
Race (3.04)	0	0		0	0.00%
Ethnicity (3.05)	0	0		0	0.00%
Gender (3.06)	0	0		0	0.00%
Overall Score				7	9.21%

Q6b. Data Quality: Universal Data Elements		
Program Applicability: All Projects		
Data Element	Error Count	% of Error Rate
Veteran Status (3.07)	0	0.00%
Project Start Date (3.10)	0	0.00%

Relationship to Head of Household (3.15)	0	0.00%
Client Location (3.16)	0	0.00%
Disabling Condition (3.08)	0	0.00%

Q6c. Data Quality: Income and Housing Data Quality

Program Applicability: All Projects

Data Element	Error Count	% of Error Rate
Destination (3.12)	12	19.05%
Income and Sources (4.02) at Start	0	0.00%
Income and Sources (4.02) at Annual Assessment	0	0.00%
Income and Sources (4.02) at Exit	1	1.96%

Q6d. Data Quality: Chronic Homelessness

Program Applicability: ES, SH, Street Outreach, TH & PH(All)

Entering into project type	Count of total records	Missing time in institution (3.917.2)	Missing time in housing (3.917.2)	Approximate Date started (3.9.17.3) Missing	Number of times (3.9.17.4) DK/R/missing	Number of months (3.9.17.5) DK/R/missing	% of records unable to calculate
ES, SH, Street Outreach	0			0	0	0	0.00%
TH	0	0	0	0	0	0	0.00%
PH (all)	58	0	2	0	3	3	8.62%
Total	58						8.62%

Q6e. Data Quality: Timeliness		
Program Applicability: All Projects		
Time for Record Entry	Number of Project Start Records	Number of Project Exit Records
0 days	28	16
1-3 days	0	1
4-6 days	0	4
7-10 days	0	2
11+ days	31	40

Q6f. Data Quality: Inactive Records: Street Outreach and Emergency Shelter			
Program Applicability: Street Outreach & ES-Night By Night			
Data Element	# of Records	# of Inactive Records	% of Inactive Records
Contact (Adults and Heads of Household in Street Outreach or ES-NbN)	0	0	0.00%
Bed Night (All clients in ES-NbN)	0	0	0.00%

Q7a. Number of Persons Served					
Program Applicability: All Projects					
	Total	Without Children	With Children and Adults	With Only Children	Unknown Household Type
Adults	58	45	13		0
Children	18		18	0	0
Client Doesn't Know/ Client Refused	0	0	0	0	0
Data Not Collected	0	0	0	0	0
Total	76	45	31	0	0
For PSH & RRH the total persons served who moved into housing	47	35	12	0	0

Q7b: Point-in-Time Count of Persons on the Last Wednesday

Program Applicability: All Projects

	Total	Without Children	With Children and Adults	With Only Children	Unknown Household Type
January	13	13	0	0	0
April	7	5	2	0	0
July	19	7	12	0	0
October	13	13	0	0	0

Q8a. Households Served

Program Applicability: All Projects

	Total	Without Children	With Children and Adults	With Only Children	Unknown Household Type
Total Households	39	33	6	0	0
For PSH & RRH the total households served who moved into housing	29	26	3	0	0

Q8b. Point-in-Time Count of Households on the Last Wednesday

Program Applicability: All Projects

	Total	Without Children	With Children and Adults	With Only Children	Unknown Household Type
January	9	9	0	0	0
April	6	5	1	0	0
July	9	6	3	0	0
October	10	10	0	0	0

Q9a. Number of Persons Contacted

Program Applicability: ES Night By Night - Street Outreach

Number of Persons Contacted	All Persons Contacted	First contact - NOT staying on the Streets, ES, or SH	First contact - WAS staying on Streets, ES, or SH	First contact - Worker unable to determine
Once	0	0	0	0
2-5 Times	0	0	0	0
6-9 Times	0	0	0	0
10+ Times	0	0	0	0
Total Persons Contacted	0	0	0	0

Q9b. Number of Persons Engaged				
Program Applicability: ES Night By Night - Street Outreach				
Number of Persons Engaged	All Persons Contacted	First contact - NOT staying on the Streets, ES, or SH	First contact - WAS staying on Streets, ES, or SH	First contact - Worker unable to determine
Once	0	0	0	0
2-5 Contacts	0	0	0	0
6-9 Contacts	0	0	0	0
10+ Contacts	0	0	0	0
Total Persons Engaged	0	0	0	0
Rate of Engagement	0.00%	0.00%	0.00%	0.00%

Q10a. Gender of Adults

Annual Performance Report HOME Program

U.S. Department of Housing
and Urban Development
Office of Community Planning
and Development

OMB Approval No. 2506-0171
(exp. 09/30/2023)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Crainston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Case and Management Information (CMI) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

Submit this form on or before December 31.	This report is for period (mm/dd/yyyy)		Date Submitted (mm/dd/yyyy)
Send one copy to the appropriate HUD Field Office and one copy to: HOME Program, Rm 7176, 451 7th Street, S.W., Washington D.C. 20410	Starting	Ending	
	October 1, 2020	September 30, 2021	11/05/2021

Part I Participant Identification

1. Participant Number 660202	2. Participant Name Guam Housing and Urban Renewal Authority		
3. Name of Person completing report Ray S. Topias	4. Phone Number (include Area Code) 871-475-1322		
5. Address 117 Binn Venida Ave.	6. City Sinauana	7. State Guam	8. Zip Code 96910

Part II Program Income

Enter the following program income amounts for the reporting period: in block 1, enter the balance on hand at the beginning; in block 2, enter the amount generated; in block 3, enter the amount expended; and in block 4, enter the amount for Tenant Based rental Assistance.

1. Balance on hand at Beginning of Reporting Period	2. Amount received during Reporting Period	3. Total amount expended during Reporting Period	4. Amount expended for Tenant Based Rental Assistance	5. Balance on hand at end of Reporting Period (1 + 2 - 3) - 4
942,902.24	371,428.82	179,412.30	0.00	1,134,918.76

Part III Minority Business Enterprises (MBE) and Women Business Enterprises (WBE)

In the table below, indicate the number and dollar value of contracts for HOME projects completed during the reporting period.

	a. Total	b. Alaskan Native or American Indian	Minority Business Enterprises (MBE)			f. White Non-Hispanic
			c. Asian or Pacific Islander	d. Black Non-Hispanic	e. Hispanic	
A. Contracts						
1. Number	0					
2. Dollar Amount	0					
B. Sub-Contracts						
1. Number	0					
2. Dollar Amount	0					
C. Contracts			c. Women Business Enterprises (WBE)		d. Male	
1. Number	0					
2. Dollar Amount	0					
D. Sub-Contracts						
1. Number	0					
2. Dollar Amount	0					

Part IV Minority Owners of Rental Property

In the table below, indicate the number of HOME assisted rental property owners and the total dollar amount of HOME funds in these rental properties assisted during the reporting period.

	a. Total	Minority Property Owners				
		b. Alaska Native or American Indian	c. Asian or Pacific Islander	d. Black Non-Hispanic	e. Hispanic	f. White Non-Hispanic
1. Number	0					
2. Dollar Amount	0					

Part V Relocation and Real Property Acquisition

Indicate the number of persons displaced, the cost of relocation payments, the number of parcels acquired, and the cost of acquisition. The data provided should reflect only displacements and acquisitions occurring during the reporting period.

	a. Number	b. Cost	Minority Business Enterprises (MBE)				
			c. Alaska Native or American Indian	d. Asian or Pacific Islander	e. Black Non-Hispanic	f. Hispanic	g. White Non-Hispanic
1. Parcels Acquired	0						
2. Businesses Displaced	0						
3. Nonprofit Organizations Displaced	0						
4. Households Temporarily Relocated, not Displaced	0						
Households Displaced	a. Total						
5. Households Displaced - Number	0						
6. Households Displaced - Cost	0

GUAM DAILY POST • SATURDAY, MAY 14, 2022

Biden hosts Asian leaders as Russia demands his focus

John Hudson
The Washington Post

WASHINGTON -- President Joe Biden juggled the competing demands of his foreign policy agenda on Thursday as he hosted a summit with Southeast Asian leaders at the White House while managing the United States' response to Russia's invasion of Ukraine.

The two-day summit in Washington is aimed at showing Biden's commitment to Asia, where the United States is in a "competition with China to win the 21st century," as the president often says, even as the war in Europe places heavy demands on his time and attention.

U.S. officials hope the gathering of Asian leaders can strengthen the region's commitment to a rules-based order in the face of China's growing military and economic clout.

U.S. officials are touting new initiatives including \$40 million in investments for clean energy infrastructure in the region and \$60 million in maritime cooperation involving the deployment of U.S. Coast Guard assets to help counter illegal fishing and forced labor. The dollar figure on the combined initiatives amounts to \$150 million when combined with other collaborations on artificial intelligence, covid-19 and climate, said a senior administration official who spoke to reporters on the condition of anonymity under rules set by the White House.

"We have long sought strong relations with the region," said the official. "Where we need to step up our game is both working with countries bilaterally but also working with ASEAN as an institution," he added, referring to the Association of Southeast Asian Nations, a bloc of 10 countries that combined make up the world's

seventh-largest economy.

The visit includes a flurry of meetings with U.S. officials, but some ASEAN leaders have felt snubbed that Biden isn't holding any formal bilateral meetings with his counterparts, who include Joko Widodo, the president of Indonesia, the world's fourth-most-populous country, and Hun Sen, the prime minister of Cambodia, which holds the rotating ASEAN chair.

The Philippines did not attend

Myanmar's leader was not invited because of the military coup carried out last year against Aung San Suu Kyi, and the leadership of the Philippines is also not attending because of the transition following its presidential elections.

Other than Singapore, the region has not taken a particularly tough stand on Russia's war in Ukraine despite having a strong stake in the principle of sovereignty for smaller, less powerful countries. U.S. officials may seek to push their counterparts to issue condemnations of Russia's actions, pledge support to Ukraine or join international sanctions efforts.

Calling men 'bald' counts as sexual harassment, UK tribunal rules

By Katharine Gemmill
Bloomberg

Calling a male colleague bald isn't harmless banter but sexual harassment.

That's the conclusion of a British employment tribunal who ruled that using the word could be "inherently related to sex" and amount to a form of discrimination.

The decision came in the case of electrician Tony Finn who sued a small Yorkshire-based family business, where he'd worked for nearly 24 years, for unfair dismissal and sexual harassment. He accused a colleague of calling him a "fat bald c---."

The all-male, three-member tribunal panel agreed that Finn didn't complain about the "industrial language" of the shop floor but the epithets relating to his age and hair.

NOTICE TO THE PUBLIC
Available for Public Review
Guam's Consolidated Annual Performance
And Evaluation Report (CAPER)
For the Program Year 2020

The Guam Housing and Urban Renewal Authority (GHURA) announces the availability of Guam's Program Year 2020 Consolidated Annual Performance and Evaluation Report (CAPER) for public review and comment.

The CAPER outlines Guam's progress in achieving the goals outlined in the 1st Year of the 2020-2024 Consolidated Plan (ConPlan). The ConPlan prioritizes areas to be addressed with funds available from the U.S. Department of Housing and Urban Development, Office of Community Planning and Development – Community Development Block Grant (CDBG), HOME Investment Partnerships Grant (HOME), the Emergency Solutions Grant (ESG), and the Continuum of Care Program Grant for the period covering October 01, 2020 to September 30, 2021.

The CAPER will be available electronically on GHURA's website at www.ghura.org. If you would like to obtain a copy or require additional information, please contact Alicia P. Aguon, at 671-475-1316 or by email at apaguon@ghura.org apaguon@ghura.org.

GHURA is inviting the public to comment on the CAPER while exercising pandemic safety protocols and current mandated social distancing requirements. A virtual public hearing will be held on Wednesday, June 1 at 10:30am via ZOOM at Meeting ID: 849 3793 8063 Passcode: GHURA

Individuals or organizations wishing to comment on the CAPER are encouraged to do so by submitting written comments to GHURA with notation of ATTN: Alicia P. Aguon via apaguon@ghura.org. All comments must be received no later than June 13, 2022

Should you require special accommodations, please contact the Section 504 Coordinator Katherine Taitano, at 475-1322 or via email at katherine@ghura.org.

'Please send the police now'

Urgent pleas don't always mean the cops rush in

By Susannah Bryan
South Florida Sun Sentinel

TRAGEDY: Texas Highway Patrol Troopers stand at attention in front of a memorial for the victims of the mass shooting at Robb Elementary School on Friday in Uvalde, Texas. Michael M. Santiago/Getty Images/Tribune News Service

Move toward the gunfire and take out the shooter.

Today's "active shooter" protocol, a lesson learned from the deadly Columbine shooting more than 20 years ago, did not happen at Marjory Stoneman Douglas High on Feb. 14, 2018. And it didn't happen at Robb Elementary School in Uvalde, Texas on Tuesday, where 19 children and two teachers were massacred in an attack that lasted more than an hour.

The incident commander made a bad call by not giving the order to breach the locked door where 18-year-old Salvador Ramos carried out his rampage, a top Texas state police official admitted Friday. Instead, the

on-scene commander decided to wait for more officers and safety equipment to arrive.

"Obviously, based on the information we have, there were children in that classroom that were still at risk," Steven McCraw, director of the Texas Department of Public Safety, told reporters at a tense news conference Friday. "From the benefit of hindsight where I'm sitting now, of course it was not the right decision. It was the wrong decision. Period."

Throughout the attack, teachers and children repeatedly called 911 begging for help from police, including one girl who pleaded: "Please send the police now."

The police arrived quickly, but did not try to get past the locked door to the gunman, instead waiting for backup from federal agents. It was those agents who killed the gunman at 12:50 p.m., more than an hour after the shooting started.

'In the line of fire'

At Columbine, it took police hours to reach the wounded because cops followed old rules when it came to school shootings: Surround the building, set up a perimeter and contain the damage.

Those rules have long since been abandoned. But the current protocols don't necessarily prevent a delayed response, experts say.

Dennis Kenney, another former cop and professor at John Jay College, was hesitant to criticize the decisions made by the officers in Texas who responded to the shooting.

"I don't want to get into the position of second-guessing what the officers did on scene," he said. "I wasn't there. It's hard from a distance to critique the response in the short term when you weren't there and don't know all the facts. As you said, the story is evolving."

If the incident commander thought the gunman was barricaded in a room with no survivors, the decision to stand down makes sense, Kenney said.

"If you don't believe you have an active shooter and the suspect is barricaded, then you have time," he said. "There's no point in rushing recklessly. If you've got victims in the line of fire, that makes no sense. In an active shooter situation, the longer you wait, the more people get killed. You want to eliminate the threat as quickly as possible."

But cops are human like the rest of us, with their own fears and instinct for survival, says Eugene O'Donnell, a law professor with John Jay College of Criminal Justice in New York who was
